which was moored to the massive mast in a ten-day test of its capabilities in such a position, cast a shadow over the station. The test was in preparation for a flight to the North pole, and as the giant craft slipped away in the rain and wind before the very eyes of the men who had helped build her and had flown her, they saw their hopes dashed.

Then came messages by wireless from Commander Pierce who, with Captain Heinen, who helped build the ship, was in command when she tore away, assuring the officers that "everything is O. K.; we will ride out the storm."

The Shenandoah twisted loose with a crash. All day she had been away to and fro by a strong wind and there was considerable speculation as to whether the ship should be returned to her hangar. Those in command, however, declared that the test was

to determine how strong a wind the ship could stand, and that they were confident she would remain aloft.

Captain McCray and Commander Weyerbacher both had been aboard the Shenandoah a few moments before she broke loose. They had descended, however, and were at dinner when a sudden crash informed them something was wrong.

Running to the field, along with scores of other officers and enlisted men, they saw the Shenandoah away from side to side, then rise slowly into the air and be carried away by the terrific southeast wind. They were showered with debris as fragments of the craft's outer rigging fell to the ground. At first it was feared the entire structure might be a wreck. Field glasses were turned upon the dirigible. It was only a few moments until she was out of sight.

Telephone and telegraph wires were blown down by the storm and it was many minutes before word was received concerning the Shenandoah's fate. Finally, however, there came the report that she was over West Point, N. J., and that her engines had been heard humming over the city as the excited populace stood on house tops in the blinding rain to watch the silvery airship glide through the cloud rifts.

Nose Cap Torn Away.

These reports reassured the officers, for they felt that if those on board had succeeded in getting the engines started they at least had a chance in the storm. Then came more moments of anxious waiting and finally, as the Shenandoah reached Newark, her wireless outfit began to function and the "all O. K." message was received.

Immediately after the ship had broken away an examination of the mooring mast was ordered. It was shown that the metal nose cap had been completely torn away. This caused great anxiety, as it was pointed out that the entire framework of the ship converged into this cap and it was feared the frame work had been so badly damaged as to make it impossible to fight the gale. When it was learned that the Shenandoah was keeping aloft, however, fears began to abate and the officers placed their hopes upon the well-known ability of Captain Heinen and Commander Pierce to maneuver the air craft. The officers pointed out that had the Shenandoah remained at her mast eight minutes longer (the break came at 6:52 p. m.) she would have been there exactly when the main part of the mast was not damaged, it having been built to stand a hurricane and would not buckle under a gale of 110 miles an hour. At midnight Captain McCray received the following wireless message from Commander Pierce:

"At South Amboy. Making good four miles per hour to the south."

South Amboy is north of Lakehurst and this message confirmed reports that the ship was heading home.

"There is little doubt now," said Commander Weyerbacher, "that Captain Heinen will bring the Shenandoah back at the first opportunity he has to land. That is up to him. When he does come up we will put the ship in the hangar."

Officers expressed the opinion that unless the ship was over the field by 3 o'clock in the morning she would have to remain aloft until noon, when it was believed weather conditions would be favorable. The wind, which died down considerably in the last few hours, was from the south and favorable for a landing. Increased in velocity and would shift to the northwest, it was said at the field. If there is a strong ground wind no attempt will be made to bring the ship to the ground. Weather reports indicate that although the wind would be stiff through the morning, it will die down after midday.

STORM CLEARED AS SEA LOOMED.

New York, January 16.—The Shenandoah was over Staten Island at 10:45 p. m. She was hovering at a height estimated in the darkness at not more than 500 feet with engines going.

The Shenandoah had a fierce battle with the wind before she was able to turn her nose toward New Jersey. Her engines were running with a terrific roar, but at times the gale drove her in the opposite direction. Time and again the huge craft would rise high in the air, then plunge downward to within three or four hundred feet of the ground. It was believed this action was taken by the commander to keep her from going too high.

After nearly three quarters of an hour the moon came out, the storm abated somewhat and twinkling lights along the New Jersey coast gave those on board a chance to see in what direction they were going. The silvery craft slowly nosed about and headed in the direction of Lakehurst.

BAILIFF BAWLS FOR KORETZ, BUT KORETZ IS GONE

Chicago, January 16.—"State of Illinois versus Leo Koretz," bawled the bailiff.

Judge Harry Lewis fingered an indictment record charging the missing broker with swindling his friends out of \$10,000,000.

"Is Leo Koretz in the room?" asked the judge.

"I think he's outside," a spectator volunteered from the rear of the courtroom.

"Get him," was the reply.

"Not here, your honor, and we don't know where he is," the prosecutors reported.

The case was continued again.

WATKINS ELECTED TO HEAD REALTORS

Continued from First Page.

The convention convened at 10 o'clock. The address of welcome was made by Mayor Julian M. Smith. Ben D. Watkins, of Atlanta, responding in behalf of the Georgia realtors.

Proposals for a nation-wide program of business development, business research and professional education for business in the field of real estate for the coming year were considered at the meeting of the board of directors, advisory board and officers of the National Association of Real Estate Boards. This meeting precedes the midwinter convention of the association which begins here Thursday.

Investigation which the association expects to be made involving matters of interest to home owners, renters and investors in commercial and industrial real estate as well as real estate dealers, include:

A study of farm land appraisals looking to a basis for placing a valuation of farm lands that can be recognized generally and go toward stabilizing farm values and lessen periods of depression and inflation.

Periodic general nationwide surveys of real estate market conditions. A nation-wide development of group advertising to put the possibilities of real estate investment and the services of the realtor before the general public is planned under the extension of the association's work. Organization of "own your own home" expeditions, as directed under the auspices of local real estate boards, into one centralized circuit under a license plan is another undertaking involving the cooperation of 40 other

national organizations representing industries connected with the creation and furnishing of the home, officials said.

The association's program calls for the protection of the public from irresponsible real estate dealers through the passage of real estate license laws and strengthening of such laws in the 16 states where they now exist.

CRITERIA ADDRESSED ANNUAL BANQUET

Augusta, Ga., January 16.—(Special.)—A Georgia replete with a glorious past and with unlimited commercial and historical futures, was palatial in the address of W. R. Crites, secretary of the Home Chamber of Commerce, at the annual banquet of the Georgia Real Estate association here tonight.

Beginning with the colonization of the Empire state by James Edward Oglethorpe in 1732, the speaker recounted the days of antebellum prosperity and said a fitting tribute to the old south, southern chivalry and southern ideals, and carried his hearers to the Hermitage, in Savannah, and described the scenery of that historic relic.

Agricultural possibilities, the almost unequalled resources of the state, water power yet undeveloped, and the potential power of a people primarily Anglo-Saxon and free from hordes of invading foreigners were lauded in one of the most eloquent addresses ever made before an assemblage of Georgia business men.

An appeal to citizens to be enterprising and a charge to realtors to develop those lands, mine the great quarries and to enrich the people of the south's great state marked the closing of the address.

ATLANTA SCHOOLS NEED MORE MONEY

Continued from First Page.

to the 15 mills fixed by the charter as the maximum tax limit would provide the additional money declared to be necessary. Special action of the general assembly this summer would be required to secure authority to levy such a tax.

Superintendent Sutton told the committee that, in addition to the crisis facing the schools in actual operation, additional housing facilities would have to be provided before next fall to avert the worst overcrowding the school system has ever experienced.

Increased needs of the schools were attributed by President Hancock to two main causes, extension of the school course from 11 to 13 years by inauguration of kindergarten and junior high school, and unprecedented increase in the number of pupils in the schools.

In January, 1920, he said, there were 28,000 pupils. The increase for the previous 10 years had averaged 1,800 per year.

In January, 1924, there are 49,000 pupils, he said. The increase for the last four years has been 5,000 per year.

Hancock, Sutton and other members of the board defended the inauguration of kindergartens and junior high schools on the ground that they are necessary. They will cost this year in salaries alone \$270,000, or nearly half the amount of the increase asked.

The school board spokesmen asserted that Atlanta schools are being operated more economically than any others in cities of Atlanta's class, between 100,000 and 400,000 people.

Points Out Cost.

The average spent per pupil per year in such cities throughout the country is \$86.10. Last year Atlanta spent \$50.94, including \$230,000 sent on the Northeast Junior High school. The budget for 1924 contemplated spending \$49.90.

President Hancock traced the increased cost of schools for the last three years: in 1921 it was \$1,751,184; in 1922 it was \$1,922,145; in 1923 it was \$2,451,138, including the deficit of \$330,000 incurred through the special \$230,000 building appropriation and other expenses.

In 1923 the enrollment was 48,122; enrollment of 55,000 is anticipated this year.

May Close Schools.

President Hancock concluded his remarks with the warning that schools can no longer operate beyond September unless more revenue is provided than is now in sight, and that the school would ask authority to levy a special emergency tax if the finance committee could not provide the additional funds sought.

Councilman J. Allen Couch, member of the committee, stated that he would advocate giving the board through charter amendment authority to levy regularly its own taxes, within a 15-mill limit, in order to solve permanently the school finance question.

Many Plans Offered.

Suggestion by Mrs. Howard McCutcheon, of the Parent-Teacher council, that additional revenue might be provided through increasing water rates brought the statement from Alderman Bachman, last year's water committee chairman, that any increase in water rates will have to be devoted to improvements of the water service.

The finance committee will hear today the budget of the waterworks department which will include a request for a special appropriation of \$200,000 for water mains and pipes.

Baker's Caracas Sweet Chocolate

is a pure, delicious and healthful food. As an addition to school or business lunches or for between meal snacks it is vastly superior to most of the sweets commonly used.

Established 1780 Mills at Dorchester, Mass. and Montreal, Canada. BOOKLET OF CHOICE RECIPES SENT FREE

Superintendent W. Zode Smith will present the proposed budget.

Construction department, building inspection department and park department requests will be heard today, and Alderman Bachman, chairman, expressed determination to finish work on the tentative budget today in order that work can begin tonight or tomorrow on the permanent budget.

Hold Night Sessions.

"It is probable that we will have to hold night sessions the rest of the week in order to prepare the permanent budget by Monday, for the second January session of council, as required by the charter," Alderman Bachman said Wednesday.

The committee is confronted with the problem of stretching estimated revenues between \$8,000,000 and \$9,000,000 over requests for appropriations which will run nearly to \$12,000,000. The total amount of appropriations asked had not been tabulated Wednesday but was estimated to be nearly half again as much as the probable amount of the city's income.

Ninth Ward Demands.

Ninth ward residents asked \$45,000 Wednesday for Candor park improvements, including \$30,000 for streets and sidewalks around the park which must be built this year or the property will revert to Asa Candler under terms of the deed of gift.

Ninth ward residents also asked \$30,000 to pay half the cost of extending Forrest avenue into Highland avenue, the county to be asked for the other half.

Robert C. Alston, for the Avalon apartment owner, asked \$31,400 to build an arcade sidewalk through the building to enable widening of West Peachtree street at that point.

The Junior Chamber of Commerce asked \$70,000 for a special ward for mental cases at Grady hospital.

DEMOCRATS SATISFIED OVER GOTHAM CHOICE

Continued from First Page.

son at their "S" street home, Mr. Wilson added his approbation to the choice of New York.

"I am very glad the convention was given to New York," Mr. Wilson told Chairman Hull, of the national committee, adding an expression of pleasure over the results of the committee's work here.

Mr. and Mrs. Wilson tendered an informal reception to the committee members and women, shaking hands with the visitors as they passed in a long line through the Wilson library. Earl

the committee had adopted formal resolutions greeting Mr. Wilson and commending his administration and its "high ideals."

No movement developed today in the committee to change the two-thirds voting rule for the convention's choice of nominees. Neither was any change made in the convention roll of 1,004 delegates and alternates, but the committee formally "recommended" that one-half of all the delegates-at-large should be women. The latter was adopted after sharp division over whether there should be a recommendation or only a suggestion. Senator Glass, of Virginia, author of the original resolution designed to provide additional places for women in the convention, favored a suggestion, but an amendment by Mrs. Leroy Springs, of South Carolina, providing for a specific recommendation, was adopted.

Women Get Half-Vote.

Under the new plan as approved, four of the eight delegates at large from each state would be women, but all of such delegates would have only a half vote each. This will result in maintenance of the present convention voting strength of 1,004, but with some increase in the number of delegates and alternates-at-large where states act to adopt the half and half policy. Another resolution adopted by the committee would prohibit states from sending to the convention more delegates and alternates than provided by their present quota. This would prevent crowding the convention floor with swollen delegations, with their members having half, fourth or even an eighth of a vote.

Chairman Hull was given wide powers to plan for the New York convention. He will appoint an arrangements committee soon and hopes also to visit New York himself at an early date. Mr. Hull conferred today with "Tex" Rickard, lessee of Madison Square Garden, who is credited with responsibility for the increase of \$55,000 offered by New York for the convention hall privileges. Mr. Rickard will cooperate with the committee in placing the auditorium in condition for the convention.

NEW YORK BEGINS PREPARATORY WORK.

New York, January 16.—Wheels of preparation, turned by trades people, hotel men and stage folk, as well as politicians, whirled merrily today in New York. Mr. Wilson told the democratic national convention in June.

Democratic leaders and campaign managers began looking about for suitable headquarters, citizens' committees started work on entertaining plans and bids for accommodations for delegates and visitors began passing back and forth.

David H. Miller, state manager of

the campaign to make William Gibbs McAdoo the democratic nominee, reserved an entire floor in the Hotel Vanderbilt for headquarters during the pre-convention drive. The democratic national committee, it was reported, would establish headquarters in the Waldorf Astoria, which is within eight short blocks of Madison Square Garden, where the convention sessions will be held. New York state organizations are expected to take over quarters in Hotel Biltmore, where Governor Smith always had his campaign office.

Plans for alterations in Madison Square Garden that would increase the seating capacity from 13,000 to 20,000 already have been drawn, it was said, and were tentatively accepted by the national committee after New York was selected as the convention city yesterday. Besides making room for more seats the garden alteration plans call for the installation of certain facilities necessary to the proper conduct of the convention.

Fred A. Muschenheim, president of the Hotel Association of New York, announced the association would organize a special committee to operate a convention bureau for the accommodation of the convention crowds. There would be no increasing of rates, Mr. Muschenheim declared.

WOMEN ASK POPULAR ELECTION OF BOARD

Continued from First Page.

er and if the plan devised by the business women's division and endorsed by the federation at the request of Mrs. B. M. Boykin goes through, Atlanta's streets will be provided with proper receptacles for trash.

Approve Christmas Pageant.

Atlanta's community Christmas pageant received the earnest approval of the federation and city council will be asked to make the pageant a permanent institution. The Light of the World is the pageant written and staged by Mrs. Earl Sherwood Jackson, of Atlanta.

The Atlanta Federation will invite the Georgia Federation, commencing its 1924 convention in Atlanta it was assured through the unanimous approval of the delegates attending the mid-

winter meeting. Mrs. T. T. Stevens, president of the federation, is also chairman of time and place on the executive board of the Georgia Federation. A letter was read from Mrs. Archibald P. Brantley, president of the Georgia Federation, commending the suggestion that the Atlanta Federation present this invitation to the state board at the meeting scheduled to be held in Atlanta January 24.

Mrs. W. B. Price-Smith addressed the federation briefly on business scholarships.

"We have obtained gift scholarships totaling in value \$2,400 in this one year," Mrs. Smith stated, and added that her committee followed the scholarship pupils until positions were found for them.

Tallulah School.

Mrs. John King Otley, president of the board of trustees for Tallulah, spoke at the federation meeting in behalf of increased support of the industrial school.

Mrs. H. M. Nichols gave the meeting a detailed account of the progress made in building a stone shelter at the entrance to Hospital No. 48 on Peachtree road. Forty clubs have contributed, she said.

Your Fortune is hidden in your salary check

IT makes no difference whether your salary check is written for a hundred dollars a month or a thousand—it holds a fortune for you.

Many men who probably make less than you have found the one sure, infallible way to wealth, through investing a fixed portion of each pay check in Adair Protected Bonds.

Our partial payment plan was invented for you. It enables you to accumulate a comfortable fortune at a rapid rate, for you receive 7% while you save—and 7% is a great multiplier of dollars.

As small a part of your check as ten dollars will make the first payment on a 7% interest bearing Adair Protected Bond. Then nine more monthly payments of like amount and you own the bond. Each payment earns 7% interest from the day it is received by us.

58 Years without loss

These bonds, secured by first mortgages upon the highest type of income producing properties in Southern cities, are created, approved, safeguarded and recommended by the South's Oldest Mortgage Investment House, with a record of 58 years without loss to a single investor.

Clip the coupon below and mail it today. A few years from now you will look upon this moment as the turning point in your life—such a moment has been just that for thousands of other men, who through easily spared monthly payments, and the multiplying power of 7% interest are building up a comfortable fortune. Mail the coupon now.

A Tip for the Ladies about Top Lifts

THERE is nothing quite so annoying or embarrassing as to find the heel of an otherwise perfectly good shoe all ragged and run over.

An USKIDE heel bottom (or top lift as we call it) will wear evenly and smoothly for months. USKIDE never becomes ragged at the edges. It will keep your heel neat and trim longer than any leather top lift.

Bring your high heeled shoes to us and ask for USKIDE top lifts.

Mail orders returned in 24 hours.

The Shoe Renery
4 to 6 Auburn Avenue
ATLANTA, GA.

Two superior products we use and recommend:

USKIDE—the longest wearing shoe sole in the world. It will wear 3 to 4 times longer than leather. Comfortable and waterproof.

"U. S." SPRING-STEP RUBBER HEELS wear longer and are attractive and comfortable. Made of a compound that is just right for satisfaction.

WINDSHIELDS —and— AUTO GLASS

Replaced while you wait. Lowest prices.

FRANKLIN'S BIRTHDAY
CELEBRATION TONIGHT

All arrangements have been made for the observance of Benjamin Franklin's birthday in the main auditorium of the Labor Temple to-night, beginning at 8 o'clock. The public is invited and a large attendance is expected.

W. S. Wier will act as master of ceremonies and addresses will be made by several well-known men, including Mayor Walter Sims, Harry Stillwell Edwards, Jerome Jones, P. L. Rikard, Jesse W. Armistead and D. W. Green.

Joe Elliott, for many years a popular vaudeville star, will put on a blackface monolog, and Claire's orchestra will accompany two or three good vocal numbers.

Refreshments will be served by members of Woman's Auxiliary to Atlanta Typographical union. There will be no admittance charge and everything will be free.

A feature of the entertainment will be the address of Harry Stillwell Edwards, considered by many as one of the most entertaining speakers in the south.

Several unique stunts will also be introduced and the program is expected to be an excellent one.

TECH TO BE MODEL
FOR TEXAS SCHOOL

The high position held by Georgia Tech in school circles is well illustrated by the fact that the newly founded Texas Technology institute is to be fashioned after the Atlanta institution, according to reports emanating Wednesday from the office of Robert & Co., Atlanta architects and engineers.

Officers of the proposed school of technology, which will be known as Texas Tech, will arrive in this city Friday to spend three days in a minute inspection of Georgia Tech. The sum of \$1,350,000 has recently been appropriated by the state of Texas for the foundation of the school, and the objective of the board of regents is to make Texas Tech to the southwest what Georgia Tech is to the southeast.

L. W. Robert, Jr., of Robert & Co., is consulting engineer for the new school, and is also a trustee of Georgia Tech.

P. W. Horn, newly elected president of Texas Tech, Amor G. Carter, John W. Carpenter, ex-Governor W. P. Hobby and Clifford B. Jones make up the delegation of the board of regents who are scheduled to arrive in Atlanta on Friday. While in Atlanta they will be entertained by Mr. and Mrs. Robert, and will attend the unveiling ceremonies at Stone Mountain on Saturday as official representatives of Governor Neff of Texas.

The new Texas school will be located at Lubbock.

Closing Sessions Today
Of Baptist Conference

Prominent figures in the Southwide Baptist Organized Bible class conference, in session in Atlanta Tuesday, Wednesday and Thursday.

At top, left to right, Dr. John E. White, president of Anderson college, Anderson, S. C., and T. R. Hill, prominent young business man and Sunday school worker, of Milledgeville, Ga. At bottom, Dr. William Russell Owen, of Macon.

Reaching more than ten million persons in the south, ten years of age and over who are not Christians, and bringing them to Christ, along with enlisting the millions of inactive church members of the nation, is the task and the field of the organized Bible classes of the Sunday schools of the south, speakers from various states stated during the second day's session of the third annual Southwide Baptist Organized Bible class conference here Wednesday.

Primary emphasis of the whole conference is being given to the evangelization of the lost and the development of undeveloped church members and practically all addresses dealt with some phase of this general subject, leaders asserted, and progress in this general direction has been made since the organization of this conference at Mobile two years ago. Dr. J. J. Van Ness, corresponding secretary of the Baptist Sunday School board, told the meeting.

Many Speakers Heard.

Just how the organized Bible classes can function most efficiently in the fields of evangelism and enlistment was set forth by many speakers yesterday.

Arthur Flake, secretary of the department of Sunday school administration in the Sunday school board, said it was impossible to build a great Sunday school without the aid of numerous organized classes; W. L. Roebuck, of Cordele, Ga., told the part that prayer plays in giving power and momentum to an organized class; A. V. Washburn, Shelby, N. C., superintendent of an aggressive country Sunday school, assured the workers that organized classes could be built up in the country as well as in the city; and Dr. Wallace Bassett, of Dallas, Texas, set forth how that in going out after the lost and enlisting the saved people in Christian service the organized classes were only carrying out their share of God's plan for the salvation of the world.

Meetings Divided.

During the afternoon the session was divided into section conferences, one for men at the Baptist Tabernacle and one for women at the First Baptist church. Rev. George Hyman, of Tampa, Fla., presided at the men's meeting, where the speakers were Dr. Joseph Broughton, Atlanta; T. R. Hill, of Milledgeville, Ga.; C. L. Montgomery, Memphis, and Professor E. P. Downing, of Shawnee, Okla.

At the women's conference at the First Baptist church there was a round table session at which various workers presented their particular problems and those who had solved such problems told how they did it. Mrs. Wesley Norris, of Dallas, presided at this session.

One of the most vigorous addresses during the whole conference was that by T. R. Hill, young business man of Milledgeville, who teaches a large downtown class on Sundays, on "Stimulus to Steadyship." He pointed out that for a class to be successful, the men must "forget themselves, must loosen up on forms, forget theories, practice brotherly love, keep in training for the main task and get thoroughly sold on Jesus Christ as the arbiter of all personal problems" before they go out to recommend Christ to others.

Supporting Program.

In the completion of their 75 million campaign, a five-year program for missions, education and benevolences, Southern Baptists now face

Prominent figures in the Southwide Baptist Organized Bible class conference, in session in Atlanta Tuesday, Wednesday and Thursday.

AUTOMOBILE SHOW
PLANS BEING MADE

Despite arrangements which will add a thousand additional feet of floor space to the auditorium when the 1924 automobile show is held during the week of February 16-23, there will not be sufficient space to meet the demands of all would-be exhibitors, according to Samuel C. Porter, chairman of the auto show committee of the Atlanta Automobile association.

Mr. Porter made this announcement Wednesday night at a dinner held by the association on the roof garden of the Cecil hotel for the purpose of drawing for choice of exhibit spaces at the show. He stated that rearrangement of the mezzanine floor in the auditorium would add one thousand feet of floor space over the total amount available last year, but, in spite of this, automobile men who had delayed applications for space until the last minute would be disappointed.

Notables Coming.

Many leading figures in the automobile industry are coming to Atlanta during auto show week. Three or four manufacturers of world wide fame will be here, Mr. Porter asserted. In addition, many local concerns are arranging to hold their annual dealers' conventions during show week.

At the rate at which this annual Atlanta Auto show is growing in size and importance, said Mr. Porter, "it isn't going to be as long as many of you think before Atlanta will be holding a national automobile show every year."

The principal speaker at the dinner was Judge Shepard Bryan, president of the Atlanta Safety council.

"But we carry our own insurance"

Pape's DIAPEPSIN FOR INDIGESTION

The moment "Pape's Diapepsin" reaches the stomach all distress goes. Lumps of indigestion, gases, heartburn, sourness, fullness, flatulence, palpitation, vanish.

Ease your stomach now! Correct digestion and acidity for a few cents. Drugists sell millions of packages.

ASPIRIN

Say "Bayer"—Genuine!

BAYER

Colds

Genuine "Bayer Tablets of Aspirin" have been proved safe by millions and prescribed by physicians over twenty-three years for Colds and grippe misery. Handy boxes of twelve tablets cost only few cents at any drugstore. Each package contains proven directions for Colds and tells how to prepare an Aspirin gargle for sore throat and tonsillitis.

cil, who traced the growth of the automobile industry in an interesting way.

"Twelve thousand people lost their lives by automobile accidents in 1923," said Judge Bryan. "This, of course, is not to be charged to the automobile industry. It is not the fault of

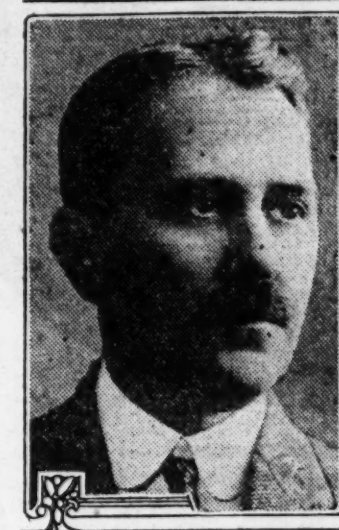

the automobile, but the natural result of thrusting a people into the middle of a new problem for which they have had no previous training in experience."

Wiley West acted as chairman at the dinner. A number of ten minute talks were made by members of the association and a musical program added largely to the enjoyment of the occasion.

At the conclusion of the program, the drawing for exhibit spaces was completed.

Fate Plays A Hand
In Every Man's Game

That's an old adage and a true one. Fate often dominates men's affairs.

Let fate guide you to success through the Classified Section of The Constitution. Many others have done the same thing. In a special Classified Directory—

"Any Firm---Any Service"

you will find the names and addresses of scores of firms and individuals who have a service to render—who are good manufacturers—who have something to sell that will interest you.

Look over this directory. It will point you to just what you want—and maybe don't know where to get it.

Firms and individuals know you are going to look for them in this classified daily feature—that's why their business card is there.

In the list you will find such as these:

Certified Public Accountants
Autogenous Welding
Awnings and Tents
Auto Painting, Upholstering, etc.

Building Contractor
Baggage and Transfer
Building Material

Carpenters
Contractors
Carpet Cleaners
Dry Cleaning and Pressing
Coal, Coke and Wood

Drug Stores, Toilet Articles, etc.

Furniture
Furniture Upholstering
Furniture Repairing
Fur Storage and Remodeling
Electric Lighting
Fixtures, etc.
Florists, Funeral Designs
Farmers' Supplies
Grading and Hauling
Hardwood Lumber

\$500 Life Insurance

FOR ONLY
15¢
AND
20¢
PER WEEK

*For Men, Women and Children Readers of
 The Daily and Sunday Constitution*

Read This Remarkable Offer

**It means protection for your family at a cost
 so low no one can afford to be without it**

Not content with providing Accident Insurance, The Atlanta Constitution has arranged a Group Plan Life Insurance for any or all members of your family between the ages of 10 and 45 years, inclusive, for \$7.80 per year for Class A payable at the rate of 15c per week bi-weekly.

NO MEDICAL EXAMINATION

Why This Offer Is Made

For years The Atlanta Constitution has been in the closest possible touch with the life of this community. It has gone into the home lives of our citizens. It has seen success and happiness and contentment and prosperity. But it has seen failure and unhappiness, too—and death and misery and abject poverty and destitution. And the Atlanta Constitution has learned this—that the greatest preventive of poverty, the greatest relief and help in time of death and bereavement, the best of all safeguards for the loved ones left behind is **INSURANCE**.

What This Offer Means to You

The Atlanta Constitution believes that the greatest service it can render to the people of this community is to enable them to obtain convenient, safe, cheap life insurance. And it has now made arrangements so that you can have this insurance—so that your loved ones can have the protection you want to give them at a remarkably low cost. Beginning today you can obtain through The Atlanta Constitution a \$500 Life Insurance policy at a cost of only 15c a week for "Class A," or 20c per week for "Class B." Risks are classified according to mortality hazard.

A New Service

Do Not Confuse This

Life Insurance

Offer with The Constitution Reader-Service Travel-Accident Insurance, which has been so popular with all Constitution readers for the past two years.

Every eligible reader may apply for this Life Insurance in addition to holding the travel-accident insurance. Subscribers can have both.

No Physical Examination Required

All subscribers and members of their families, ages 10 to 45, are eligible.

All claims paid immediately at the Atlanta Constitution office, Alabama and Forsyth Streets.

The Atlanta Constitution has made this unusual arrangement with The Gem City Life Insurance Company, of Dayton, Ohio, whose certificate will be issued to you through The Atlanta Constitution. The Gem City Life Insurance Company is a highly successful, thoroughly reliable company, legally permitted to do business in the State of Georgia.

If you are a subscriber to The Daily and Sunday Constitution, all you have to do is to continue your subscription and enter your application for a policy. If you are not already one of our subscribers, you can apply for a policy as soon as you have subscribed to this newspaper.

This special plan of ours is open to every man or woman between the ages of 10 to 45, inclusive, who are in good health and free from accident and disease, provided he or she is a registered subscriber to The Daily and Sunday Constitution. Those who are now subscribers and those who wish to become subscribers are equally entitled to this offer—no matter whether they live in Atlanta or out of town.

Claims Paid Immediately

One of the very best features of our Reader Insurance Plan is that all claims on our policies will be paid immediately at our office, on satisfactory proof of death. There will be no delay, no haggling and no red tape. The money will be paid to the beneficiary in full without the slightest annoyance or trouble. It will come at the time when, in most cases, the need for it will be greater.

Right Now Is the Time to Act

Place your order for the paper. Make an application for the Insurance. If you are in good health you will be in full benefit as soon as the application is received and accepted by the Insurance Company. No medical examination required.

Think of it! Isn't this the greatest thing you ever heard of?—\$500 Life Insurance for only \$7.80 per year—only 15 cents per week.

No matter how much or how little insurance you now carry you cannot afford to overlook this opportunity.

Subscribe Today

If you are a subscriber to The Daily and Sunday Constitution and in good health, you will be in full benefit as soon as the application is received and accepted by the insurance company. No medical examination required.

THINK OF IT: Is this not the greatest thing you ever heard of?—\$500.00 LIFE INSURANCE for ONLY \$7.80 per year at the rate of only 15c per week for Class A, or 20c per week for Class B, determined by the risks which are classified according to the mortality hazard.

Premiums are paid at the weekly rate bi-weekly in advance. Two weeks in advance at the weekly rate must accompany the application.

No matter how much or how little insurance you now carry, you cannot afford to overlook this opportunity. This insurance is eligible to the subscriber and the subscriber's immediate family between the ages of 10 and 45.

This makes the cost of The Daily and Sunday Constitution and a \$500.00 insurance policy 35c a week for one; two members of a family, \$500.00 each, Class A risk, and the Atlanta Constitution, 50c per week; a \$500.00 policy to three members of a family and The Atlanta Constitution, 65c a week, etc., on Class A risks.

For Class B risks, 5c additional per week for each \$500.00 policy per person.

Clip, sign and mail this coupon, enclosing first payment to
 THE ATLANTA CONSTITUTION, Atlanta, Ga.

LIFE INSURANCE ORDER AND REGISTRATION BLANK Of The ATLANTA CONSTITUTION Reader Service Bureau THE ATLANTA CONSTITUTION, Atlanta, Ga.

Hereby enter my subscription to the Daily and Sunday Constitution for one year from date, with the understanding that I am to receive a Five Hundred Dollar (\$500.00) Life Insurance Certificate in The Gem City Life Insurance Company of Dayton, Ohio, on the yearly plan, payable at the weekly rate, and in accordance with the rules governing same, subject to the approval of the company. I understand that, calculated at the regular weekly rate for Class-A, it will be \$7.80 per year, payable at the weekly rate bi-weekly in advance, or Class-B, 20c per week, payable bi-weekly in advance, of which the first two weeks advance payment is herewith inclosed, the balance to be paid by me at The Constitution office at the regular weekly rate bi-weekly in advance.

I am also to pay the regular subscription price of the daily and Sunday Constitution either to The Constitution office, each week to the carrier, or collector, or in advance in accordance with the regular published rates. (If a new subscriber it will be necessary to send at least two weeks' subscription and two weeks' premium with the application, making the least amount to accompany the order for new subscription and application for one policy, 80c.)

Signed

Occupation.....Age.....Sex.....

Are you in good health and free from accident and disease?.....

Address.....or R. F. D.....

City.....State.....

Are you at present a subscriber?.....

Remarks

Old subscribers as well as new may have this insurance. If you are at present a subscriber to the daily and Sunday Constitution, please so state. When more than one certificate is taken out in the same family living in the same house, each person insured jointly subscribes to the daily and Sunday Constitution under the above conditions. If you are a mail subscriber, or want the paper by mail, inclose remittance covering at least three months' paid-in-advance subscription at the regular mail rate plus remittance for the policy at the rate and on terms specified above. The Constitution payable in advance as follows: three months or thirteen weeks, \$2.50. The insurance for thirteen weeks at the regular weekly rate would amount to \$1.95, the total being \$4.45 for thirteen weeks. For six months or twenty-six weeks the daily and Sunday by mail payable in advance is \$5.00. The insurance policy at 15c per week would be \$3.90. Both insurance and The Constitution for twenty-six weeks, \$8.90. The daily and Sunday by mail, payable in advance for twelve months or fifty-two weeks, \$25.00. The insurance at the rate of 15c per week for fifty-two weeks, \$7.80, making the cost of the daily and Sunday and the insurance for a period of twelve months, \$17.20, and \$7.80 additional for each additional member of the family who takes out a \$500.00 policy. The second class risk would of course be 5c per week additional to the foregoing.

PROPERTY OWNERS URGED TO GET BUSY

Warning that Madison avenue widening and extension may be ignored entirely by council this year, because of failure of property owners to support it, was issued Wednesday by J. L. McCord, acting chairman of the committee in charge of the project. He appealed for immediate action of property owners in preparing an offer to the finance committee for sale of enough land to the city for widening and extending the avenue into Whitehall street.

"The Madison avenue extension is in great danger of being left out of all consideration by the finance committee for another twelve months because of the indifference of property owners along the extension," Mr. McCord declared.

Chairman at Work.
"H. Y. McCord, chairman of this committee, though having no direct interest, accepted the chairmanship because he thought it was of such vital interest to the whole city and county and would give a cross-town thoroughfare that would be a wonderful help to the city in relieving all downtown traffic. He has been working hard, with the aid of a splendid committee, for two weeks and, while all the property owners seem to want the project carried through, they have failed to make any proposition of a tangible or practical nature with which the committee can go before the finance committee."

"Owing to illness of Mr. McCord's wife, he had to go to Florida for some time. He asked me to take charge of this committee. I have just finished working on the Hunter street approach, off and on for more than a month, and have given practically my whole time for the past ten days to the Madison avenue extension. I cannot give much more and am making this my last appeal to the property owners along Madison avenue extension to get in touch with me at once. If your property is damaged, place a reasonable figure on it and make us an offer or option so that we can ask for the amount to be placed in the finance sheet, which is now being made up for the next twelve months. Otherwise there is no possibility of Madison avenue even being considered."

Blue Print Available.
"Blue prints will be found at 358 Whitehall street, showing how each property owner will be affected. Won't you property owners kindly go out and look this map over and write me, or any member of the committee, stating what you will sell this part of your property to the city for? Unless this is done, we have no chance of securing the great public improvement."

"I believe the county will build and pave this street if the city will give them the right of way. I also believe the city council will place this property at a reasonable figure."

"Won't you property owners attend to this at once and let the committee hear from you? Otherwise the committee will be dismissed."

U. H. B. Association May Locate Branch Lodges in State

Officers of the executive committee of the United Hebrew Benevolent association were elected at a meeting held Sunday night. R. Siro was named chairman, S. Boorstein vice chairman, Ike Feinberg grand treasurer, and Max Morris grand secretary.

Plans were discussed at the meeting and a committee was appointed to investigate the advisability of extension plans contemplating founding branch lodges in the cities of Georgia in which the Jewish population warrants a lodge. The proposed branch lodge would be under the direct supervision of the Georgia lodge.

The association separated from the grand lodge several years ago due to steady increase in dues, it was said, and is now known as the Kadisha lodge. It is now an independent Atlanta organization, and is one of the strongest of its kind in the city.

BETTER THAN WHISKEY FOR COLDS AND FLU

Delightful Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies That Are Indorsed by Medical Authorities to Cut Short a Cold or Cough Due to Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if You Don't Feel Relief Coming in Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the people as ten times as quick and effective as whiskey, cold and rye, or any other cold and cough remedy they have ever tried.

All drug stores are supplied with the wonderful elixir, so all you have to do to get relief from that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful. With your watch in your hand, take the drink at once, and call for your money back in two minutes if you can not feel the distressing symptoms of your cold fading away like a vapor, within the time limit. Don't be foolish, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and children. For Aspirinal is by far the safest and most effective, the easiest to take and the most reliable cold and cough remedy for children as well as adults. Quickest relief for catarrhal cough and children's choking up at night.

Don't suffer yourself or force suffering upon your children by using less efficient remedies—often in the form of greasy dirty ointments. Throw out from your medicine chest the iodine, carbolic acid, peroxide of hydrogen and other irritating and deadly poisons, and be prepared for emergencies by having on hand a tube of MINOX, the GREATEST OF EXTERNAL REMEDIES—THE TRIUMPH OF SCIENCE OVER GERMS.

Lieutenant Governor Of Alabama Coming To Unveiling Event

Charles S. McDowell, Jr., lieutenant governor of Alabama, whose home is in Eufaula, will attend the Stone Mountain Memorial association meeting here Saturday. Mrs. McDowell will also attend as head of the United Daughters of the Confederacy of the state of Alabama.

Governor McDowell has long served on the democratic committees of his state and as state senator. He is widely known throughout the state and the south. Governor McDowell is a lawyer of wide practice and a brilliant speaker.

PRIVATE CAPITAL BIDS FOR SHOALS

Washington, January 16.—Another offer for the development of the Muscle Shoals, Ala., properties by private capital was received today by Secretary Weeks from sources which the secretary declined to reveal but characterized as financially reliable. The war secretary also refused to discuss details of the new proposal, explaining that he first would have a study made by engineer and ordnance experts and later would decide what action might be taken by the department with references to its final disposition.

Secretary Weeks announced receipt of the proposal after he had conferred briefly with E. H. Hooker, of Niagara Falls, N. Y. Mr. Hooker is president of the Electrochem company of Niagara Falls and is known to have discussed Muscle Shoals questions with Secretary Weeks at various times recently. He declined, however, to talk about the conference with Mr. Weeks.

One of the factors believed responsible for the increasing interest in Muscle Shoals disclosed by the numerous offers being made by private interests to the war department, it was stated today, is the realization of the vast possibilities in power, nitrates, fertilizers and other industrial products which may be produced at Muscle Shoals. Commercial interests engaged in production of these commodities are attracted by the natural resources at Muscle Shoals, it was said, and are showing new interest in those properties, probably with a view of acquiring them as adjuncts to their present industrial organizations.

POWER COMPANIES TO MAKE NEW BID

Washington, January 16.—Operation of the Haber process plant at Muscle Shoals for the manufacture of nitrates to be used for fertilizer will be proposed in a bid to be submitted within a few days to the house military committee, Representative Hull, republican, Iowa, said today.

While jockeying details, Mr. Hull said he had been informed interests identified with the nine southern power companies which recently submitted an offer for Muscle Shoals would submit the new bid. Formation of a company, he said, would be proposed with willingness to guarantee the production of a certain amount of nitrates for fertilizer.

The companies, according to Mr. Hull, are putting their proposal in definite language for submission to the military committee, which tomorrow will resume consideration of the Muscle Shoals question. O. C. Merrill, secretary of the Federal Power Commission, is expected to be one of the witnesses heard tomorrow.

Representative Wainwright, republican, New York, said today he was canvassing the committee to determine whether there was likelihood of favorable action on the resolution which he announced last night he would introduce for the creation of a commission to consider bids for the Muscle Shoals properties.

Representative McKenzie, republican, Illinois, who has been active in the committee's consideration of the problem, related today that he was opposed to Mr. Wainwright's proposal. He also predicted that the committee would act within two weeks, and probably recommending acceptance of the Ford offer.

dorsed by the highest authorities, and proclaimed by the people as ten times as quick and effective as whiskey, cold and rye, or any other cold and cough remedy they have ever tried. Will She Be Picked as Atlanta's Sweetheart?

Left, Miss Emma Frances Brotherton, of 16 South Gordon street, and right, Miss Bernice Crouch, 165 Holderness street.

Each morning in The Constitution a picture of one of the girl contestants in the Atlanta Sweetheart Test will be run. Photographs are now being made by Wesley Hirschberg free of charge. If you wish to enter—if you think you look like Mary Pickford—take a copy of The Constitution in which appears one of the Atlanta Sweetheart stories to Mr. Hirschberg's studio and express the desire to enter the contest and he will take your picture free of charge.

NUISANCE TAXES ARE UNDER FIRE

Washington, January 16.—Pleas for repeal of many of the so-called nuisance taxes and impositions of the Mellon tax plan were heard today by the house ways and means committee now drafting the new revenue measure. Parliamentary maneuvering preparatory to the fight on the bill when it is reported to the house abated pending outcome of the rules contest now being waged on the floor.

Attacks on present special tax rates before the committee today centered mainly on the automobile and accessories duties and those on theater admissions.

Representative Dallinger, of Massachusetts, and Burdette, of North Dakota, republicans, urged repeal of all special taxes the former suggesting a sales tax as a substitute. Mr. Dallinger also advocated raising the age limit from 18 to 21 years of children for whom exemption may be claimed in income tax payments.

Augustus Thomas, president of the International Theater Managers' association, said the theater admission tax was destroying the spoken drama in this country and urged its repeal. James A. Emery, speaking for the National Association of Manufacturers, endorsed the Mellon tax plan while Robert Sinclair, chairman of the association's tax committee, declared radical reduction in surtaxes would bring not only individual relief but would have a beneficial effect on the economic and social life of the country.

Representative Garner, of Texas, author of the democratic substitute tax scheme proposing higher surtax and lower normal tax rates than the treasury secretary, asked why the association particularly favored Mr. Mellon's plan and Mr. Sinclair replied: "Because Mr. Mellon is a successful business man and his scheme we believe is sound economically."

M'ADOO'S FRIENDS IN HOME STATE TO MEET HERE

Supporters of the campaign of William G. M'Adoo for the democratic presidential nomination will meet here Friday to perfect a state organization. It was announced Wednesday. Hollins Randolph, Atlanta attorney, states that the meeting, which will begin at 11 o'clock, will be an informal gathering of Georgia friends of M'Adoo's candidacy and that a meeting will be reached in regard to launching of a movement to place the Georgia delegation in the M'Adoo column.

The meeting will precede the session of the democratic state executive committee on Saturday when plans for a presidential primary will be decided upon.

Among those expected to attend are P. A. Stovall, Savannah; Miller S. Bell, Milledgeville; Andrew C. Erwin, Athens; T. J. Hamilton, Augusta; H. A. Carver, Albany; E. S. Sirmans, Waycross, and Hinton Booth, Statesboro.

POWER COMPANY OFFICIAL SPEAKS TO TRAFFIC CLUB

Preston S. Arkwright, president of the Georgia Railway & Power Co., will deliver the principal address at the regular monthly meeting of the Atlanta Traffic club, at the Piedmont hotel at 6 o'clock Friday night. A special musical program has been arranged for the meeting.

Several important matters will be taken up by the club, one of which will be in regard to action to be taken on resolutions adopted at the Cleveland convention of the Associated Traffic Clubs of America.

Macon Pastor Here.

Dr. W. H. Sledge, pastor of the Cherokee Heights Baptist church, of Macon, occupied the pulpit at the Third Baptist church here Wednesday night. The Macon minister, who is a graduate of Wake Forest college, N. C., and of the Southern Baptist Theological seminary, of Louisville, was formerly pastor of the Tenth Street church at Macon, and also of a church in Helena, Ark.

While in this city, Dr. Sledge is the guest of Dr. E. T. McCutchen, pastor of the Third Baptist church.

Airplane service has so improved in Columbia that the rates are being cut in half and permission given to each passenger to carry a small trunk with him.

The Howard theater, in connection with the showing of Mary Pickford in "Rosita" the week of January 21, is giving \$50 in prizes to the four girls who most resemble Mary Pickford. Twenty-five dollars will be given as first prize, \$15 second prize, \$5 third prize, \$3 fourth prize and \$2 fifth prize. The prize winners will receive their prizes from the Howard stage at the 7:10 performance Thursday night of next week and the names of the winners will be announced in The Constitution Friday morning of next week.

A committee of capable judges have been selected and these four judges will decide who most resembles Mary Pickford. The judges are members of The Constitution and the Howard theater staff.

Watch The Constitution every morning for the name of the newest entrant in the Atlanta Sweetheart Test. Mary Pickford is America's Sweetheart and The Constitution and the Howard theater are anxious to find out who is Atlanta's Sweetheart.

Kindness Is Asset In Face Building, Dr. House Asserts

"Thirty cents worth of kindness will make your face look better than a dollar's worth of cosmetics," declared Dr. E. L. House last night in the course of his lecture, The Drama of the Face, given in the Woman's club auditorium, under the auspices of the Atlanta Woman's club. He said the face "we have at fifty is the one we have made our- selves, but the graduation from the face God gave us at 15 to the one we have at 50 is influenced by our dispositions along the way."

Dr. House said that three things enter into face building, eating, sleeping and suggestion. He said that a face can be built just as we can build a body or mind. Lectures will continue for two weeks.

Farmers, living within one mile of the postoffice or rural mail station, will be entitled to receive special delivery mail by carrier according to an order recently issued by the postmaster general.

Many are the eyes that are turned to gaze with keen admiration on the girl with glowing, healthy glow no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl, just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—adrenal energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

TO BREAK GROUND FOR NEW BAPTIST CHURCH ON FRIDAY

Ground will be broken Friday afternoon at 3 o'clock for the new Kirkwood Baptist church. Dr. A. I. Brannham, deacon, trustee and teacher of the men's Bible class, who has for twenty years been a leading layman in the church, will preside. Rev. J. L. Jackson is pastor of the church.

The first shovel of dirt will be removed by Mrs. W. O. Mitchell, the oldest member of the church, who for 21 years has been president of the women's missionary society. Principal speakers will be Dr. John F. Purser, executive secretary of the Atlanta Baptist association, and Louis D. Newton, director of The Christian Index and president of the Atlanta Baptist council.

The building is to be constructed of pressed brick, will seat 650 people in the main auditorium and a much larger number in the Sunday school rooms. The Sunday school annex will not be started until after the completion of the main building, it was stated.

Dr. Arch C. Cree, of the Georgia Baptist hospital, and Dr. Austin Crouch, superintendent of church extension for the Southern Baptist convention, will also have places on the program. Greetings from Atlanta Presbyterian and Methodist churches will be extended by Rev. G. B. Harris and Rev. J. L. Allgood.

Members of the building committee are Julian M. Harrison, chairman, T. Cornell, W. T. Wynn, Wm. M. Sutton and W. D. Hall.

BUSINESS COMMITTEE OF CLUB MEETS TONIGHT

The business committee of the West End Woman's club will hold a meeting at the home of Mrs. J. S. Boardman, Gordon apartments, 87 Gordon street, at 7:30 o'clock tonight. The officers of the club are invited to meet with the committee.

Plans for the dance to be given by the membership committee are being completed for Tuesday, January 22, at the Community club rooms. Mrs. Chester Johnson, chairman, promises a delightful evening to all who attend. Any information desired may be secured from Mrs. Johnson, West 1942-J.

Mrs. R. E. L. Tolbert, chairman of the ways and means committee, asks that all rummage for the sale to be given on January 18 and 19, be sent in by Thursday, January 17. Mrs. J. J. Hemperly, who is in charge, will call for any rummage which can not be delivered. Those wishing to donate rummage should phone Mrs. Hemperly at West 1221-W. Bundles may be sent to the homes of the following members: Mrs. R. E. L. Tolbert, 35 Westwood avenue; Mrs. A. O. Helmer, 11 Arthur street; Mrs. Murray Howard, 57 Howell Place; Mrs. W. W. Kilpatrick, 107 Gordon street; Mrs. R. A. McMurry, 44 Arlington street; Mrs. W. A. Byers, 140 Lee street; Mrs. C. C. Barnes, 32 White street; Mrs. E. H. Parrish, 157 Lucile avenue; Mrs. W. S. Richardson, 77 South Ashby street; Mrs. J. W. Simmons, 340 Lucile avenue; Mrs. W. W. Dancy, 304 Sells avenue; Mrs. H. P. Brotherton, 90 West Ontario street.

Between 1822 and 1922 the average working week in industry was reduced from 72 to 50 hours.

OGLETHORPE DRIVE GATHERS MOMENTUM

That interest in the special drive now in progress to raise \$150,000 for Oglethorpe university is increasing was shown at the Wednesday luncheon meeting of workers in the Wincoff hotel when one of the best daily reports since the campaign got under way was made. Subscriptions aggregating nearly \$7,000 were announced, including one in the sum of \$2,500 from the Stone Mountain Granite company, and another for \$1,000 from T. K. Glenn, president of the Atlanta-Lowry National bank.

All divisions working in the drive were represented at the Wednesday meeting, the attendance being one of the largest yet recorded.

"I expect to contribute my time and effort to the fullest extent possible," said Henry Heine in addressing the assembled campaign forces. "Mr. Heine's statement followed a previous declaration that the campaign for Oglethorpe university presented one of the most worthy causes ever called to the attention of Atlanta. 'Surely we are not going to have it said that Mr. and Mrs. Lupton, who reside outside of the state, are willing to do more for this splendid educational institution than the people of this city,' he said."

J. R. Bachman, general chairman, announced that charts of various sections of the city had been made which would be given the different units, and that these charts would show the territory to be covered by each one. It is expected that much faster progress will be made in this way, he said.

Members of the police committee declined Wednesday to discuss rumors that a new shake-up in the plainclothes squad is planned. They reiterated previous statements that no action would be taken in regard to unsentencing Chief of Police James L. Beavers until the return to the city of Councilman Edward H. Luman, chairman.

Poles, Wire and Apparatus Added by the Carload

MORE than 4,500 poles—75 carloads—were added to the Bell Telephone System in Georgia during 1923.

Other items of material which were also added during the past year were 47 carloads of cable and eight carloads of copper wire.

To complete the extensions and meet the growth which demanded such large quantities of poles, wire and cable, the telephone workers broke all previous construction and installation records last year.

This material, equipment and work represented an additional investment of more than \$2,442,000. Most of it was new money, secured from investors who have faith in the future of the telephone industry in this state.

During the next five years more than \$11,902,000 must be invested in the Bell Telephone System in Georgia to provide adequate and efficient telephone service when and where it is needed throughout this growing state.

The success of this big undertaking depends largely upon your continued friendly interest and encouragement.

THOU SHALT LOVE THE LORD thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.—Luke 10:27.

A PROPER WARNING.

Revolutions or Insurrections in Mexico must not interfere with the commerce of the United States nor with the interests of citizens of the United States.

The state department has announced that it will make this fact very plain in personal advice to Antonio de la Huerta, political leader of the present insurrection in Mexico.

The advice will in effect serve notice that the government of the United States, while continuing its policy of non-interference in the internal affairs of sister nations, nevertheless insists that these affairs be so conducted that the interests of the United States, its shipping and its people, are not affected thereby.

The new delineation of policy was called forth by the decree of De la Huerta establishing a blockade of the Mexican port of Tampico against the commerce of the world, including the United States.

A significant feature of the Washington announcement is that the advice will be addressed to De la Huerta personally, because "the United States government does not recognize the present Mexican upheaval as a legitimate revolutionary movement." De la Huerta is therefore given to understand that his personal standing with the United States government is that of a common mutineer.

The firm tone of the state department's advice to De la Huerta leave little room for doubt that the United States views any resumption of pistol politics in Latin-American nations in an unfavorable light, and certainly it will give a new impetus to business and commercial relations in the republics to the south.

Since the firm but despotic hand of Porfirio Diaz was removed from the helm of Mexico that nation has been involved in one continual turmoil. Commerce was utterly destroyed, the people of Mexico were given to the sword, and her industries to the fire. Weaklings held the destiny of the nation until Obregon overthrew Carranza and again established some semblance of constitutional government.

Mexico's only salvation lies in continuity of constitutional government and an utter abolition of pistol politics. The regulation ballot box must replace the bayonet at her polls and changes in administration must be made in such a way that the legitimate business of the world and the peace of a continent are not disrupted by the aspirations of disgruntled office-seekers.

Support of the established government of Mexico by the United States will do much to keep Mexico and other Latin-American nations on an even keel.

The attitude of the United States on matters such as this De la Huerta affair is deserving of support by business interests and by citizens.

The citizens of the United States with interests in Mexico have too long been subjected to the vicissitudes of fortune and an uncertainty as to life itself in the republic to the south, for the government to

permit chaos to again take the reins of that nation, without taking such steps as are proper.

CANADA'S STATUS.

At the imperial conference recently held in London the status of Canada underwent such radical changes that the future development of that country will be fraught with the greatest significance for the whole North American continent.

When the British imperial government proposed a closer economic union between the different members of the empire for the upbuilding of an inter-empire trade, the Canadian government through its representative, William Lyon Mackenzie King, the premier of Canada, stated that the dominion would not participate in such a union. He added, in a statesmanlike address, that the new Canadian government believed in a community of business interests with the United States.

Africa looks to Britain in matters economic. The capital is in London. Behind the scenes there lurks a fear which tends to make Dutch Afrikaners willing to forget two wars and a different tongue—the dread of that great and silent mass of blacks, whose numbers swamp the whites.

To Australia, New Zealand, the Straits Settlements the same conditions apply. They are British in blood and speech and their great economic centre is in London.

But Canada is in a different position. She does not look to London for economic guidance. She is not in danger of losing her ethnological character. There is no danger in Canada for the two white races to unite in the face of a dangerous ever-growing foreign influx or powerful aborigines.

For three thousand miles the border of the United States and Canada literally melt and weld the two countries together. American and Canadian bankers sell, buy and speculate indiscriminately on both sides of the line. The custom tariffs make it a little hard at the present time, but to all North Americans, with their habit of easy spending, this is only a negligible matter.

The British press is not very well satisfied with Canada's independent procedure. The London Times and the Daily Mail both hotly condemn the action of the dominion of signing a fisheries treaty independently from the motherland.

But Canada is no longer a colony. The grandfather of the present prime minister had to resort to armed rebellion at one time to break up the family compact of the British bureaucracy in Canada. The able French Canadian statesmen, Laurier, Gouin, Taschereau, Bureau and Lemieux, although never breaking their word with Britain, have striven valiantly for greater independence.

So it is not to be taken as surprising that Canada at imperial conference practically declared itself independent from the British empire. It still recognizes the ties that bind it together to the other British peoples through the monarchy, but in economic matters Canada is looking to the United States, looking for a closer coordination, for a lifting of the tariff walls and for complete reciprocity.

TO INSURE SAFETY.

The scientific expert is constantly planning to insure greater safety in the machinery of big business—learning lessons of safety from accidents that are happening every day.

It is notably the case with certain railroads, as instanced in the following item, from an exchange—

"It is said that whenever a car wheel breaks on a certain great trunk line the fragments are taken to the company's laboratory and carefully studied so that when the next order for car wheels is made up, if structural weakness caused the accident, it may be guarded against. All the purchases by this railroad of iron, steel, oil, lumber or whatnot are tested by the chemists it employs and they draw up the requirements to which persons who sell the road supplies must conform. This is not an isolated instance. It illustrates the practicability of applied science and the reliance of acute business men upon the expert opinion that insures them against wasting materials, time and money."

That is "saving the pieces" for an all-around beneficial purpose, instead of immediately consigning them to any convenient scrap pile.

They make the pieces pay, in the future safeguarding of human life from avoidable accidents.

That is where the work of the scientific expert is invaluable. He is a life-saver and a money-saver, who enables the business he serves to demand, and receive, greater protection for itself and its patrons in the material that helps to keep it going.

Still, if we happened to win a \$100,000 peace prize, they'd have to call out the reserves to make us keep the peace.

Congress had plenty of time to fix it, the fences, and yet, numbers of them are sadly in need of repair.

All can't win in the presidential race, but it's as good exercise as running for the gold at the rainbow's end.

Just From Georgia

BY FRANK L. STANTON

The Messenger.
Spring sends a messenger:
"I'm coming right along."
I'm hiding in the blossoms
That are shaken by a song.
My birds are all rehearsing
For the opera to-be.
And my lovers in the garden
Are smiling sweet at me!

"Coming right along."
With a glad surprise of song:
"Tell this word to Winter:
I'm coming right along!"

Come, sweet Springtime Lady,
And bring the blossoms bright;
We listen for your footfall—
Long for your spring "Light!"
Weanome the Winter,
And you so far away;
Come, in all your beauty,
And make the rose of May!

Coming right along.
With a glad surprise of song:
"Tell this word to Winter:
I'm coming right along!"

Come, sweet Springtime Lady,
And bring the blossoms bright;
We listen for your footfall—
Long for your spring "Light!"
Weanome the Winter,
And you so far away;
Come, in all your beauty,
And make the rose of May!

THE WORLD'S WINDOW

BY PIERRE VAN PAASSEN.

Tragedy Of Ignorance.

There is tremendous pathos in the case of a little Brooklyn girl who committed suicide because she could not stand the ridicule of her schoolmates. She had only a short time previously come to America from Norway and her inability to speak English made her the object of ridicule on the part of her fellows. This writer has no doubt on the subject that such instances are too numerous to count. Similar treatment drove Knut Hamsun, the great Scandinavian writer, away from these shores. Edward Bok survived because he was a strong boy and picked out the ring-leader of the gang that pestered him, he tells us in his autobiography. But the adopted children of Uncle Sam cannot all follow his example. Too many of them are too weak not to have fought her tormentors.

A Monarch At Large.

A lion, being shipped, gnawed away the wooden bars from his cage and started roaming in two express cars on a Santa Fe passenger train. No body dared enter the cars where the king was creating havoc among the express parcels. It was not until the superintendent of Swope Park zoo was in the train, and had ownership of the thrilling struggle and pulled him right into a waiting cage.

A Test Case.

An interesting law case will result from the claim of the soviet government against Prince Yousouf, who sold two Rembrandt pictures to the Russian government. The Russian government will claim that the paintings belonged to the imperial family and that the whole imperial estate was declared the property of the Russian state after the Russian revolution in 1917. It is quite possible that the soviet government will have no standing in American courts for the Russian revolution.

Invisible Occupation And Invisible Reparations.

A rather disappointing statement was made by the reichstag's only woman member when she declared that Germany's foreign banks did not exceed four billion marks. Even if the reparations commission could seize all that money it would not go far to pay the reparations. The reichstag's only woman member declared that Germany's foreign banks did not exceed four billion marks. Even if the reparations commission could seize all that money it would not go far to pay the reparations.

Pay Old Debts.

Leonid Krassin, soviet business agent, has been buying up Russian debts in Europe. This has given rise to the idea in France that the soviet plans to recognize the debts of the czarist or at least the Kerensky regime. If this is true it is the first step in a movement for world-wide recognition.

Bits of New York Life

BY O. C. MCINTYRE

New York, January 16.—It is the definition of a promoter: "A promoter is a man who tries to sell something he has got to someone who doesn't want it."

There is, however, a persistency about Wall street enterprises that is not to be despised. For five years I have been on the "sucker list" of a Wall street brokerage house. The salesman—Mr. Pudillo—telephones me regularly once a week. He treats me as though I were quite a personage and asks me how my investments are. The plural is anomalous. My single investment was in oil which somehow turned out badly. It would amount to one-tenth of a cent on the dollar. At first I entered into the spirit of his entreaties although the Scotch instinct prevailed. After a time the entreaties became annoying and I grew testy. In fact I grew harsh and delivered diatribes about Wall street in general and Mr. Pudillo in particular. But he has a higher and more subtle manner. I am beginning somehow to fear Mr. Pudillo will get me yet.

There is a New York man who has stopped sucking his thumb. When he calls him up with their important tips he interrupts them with a salesman's talk of his own. He is a life insurance agent. He has sold three policies in this manner.

Among shopping crowds was a man I recognized for his vast wealth and influence. He strolled aimlessly from window to window with no apparent purpose. He was looking at the window in which was displayed a bass drum with all the jazz noise trappings. It apparently fascinated him for he gazed at it for at least 15 minutes before he started away and then came back. Fate is pitiless. Here was a man who might have crashed and beat his way through many happy hours. He has been destined to the dreary routine of clipping coupons.

A Wall street trader gives this definition of a promoter: "A promoter is a man who tries to sell something he has got to someone who doesn't want it."

A Wall street trader gives this definition of a promoter: "A promoter is a man who tries to sell something he has got to someone who doesn't want it."

There is, however, a persistency about Wall street enterprises that is not to be despised. For five years I have been on the "sucker list" of a Wall street brokerage house. The salesman—Mr. Pudillo—telephones me regularly once a week. He treats me as though I were quite a personage and asks me how my investments are. The plural is anomalous. My single investment was in oil which somehow turned out badly. It would amount to one-tenth of a cent on the dollar. At first I entered into the spirit of his entreaties although the Scotch instinct prevailed. After a time the entreaties became annoying and I grew testy. In fact I grew harsh and delivered diatribes about Wall street in general and Mr. Pudillo in particular. But he has a higher and more subtle manner. I am beginning somehow to fear Mr. Pudillo will get me yet.

There is a New York man who has stopped sucking his thumb. When he calls him up with their important tips he interrupts them with a salesman's talk of his own. He is a life insurance agent. He has sold three policies in this manner.

HEALTH TALKS

BY WILLIAM BRADY, M. D.

THE IRON RATION.

The noted nutrition authority Von Noorden, a strong advocate of liberal use of meat in the adult diet, teaches a different policy in the nutrition of the child. He writes: "The necessity of a generous supply of vegetables and fruits must be particularly emphasized. They are of the greatest importance for the normal development of the body and of all its functions. As far as children are concerned, we believe we could do better by increasing the dietary of the most rigid vegetarians than by feeding the children as though they were carnivores, according to the bad custom which is still quite prevalent. . . . If we limit the meat, we limit the source of iron, the vegetables and the fruits—we cause a certain sluggishness of blood formation and an entire lack of resistance to the diet of the most rigid vegetarians than by feeding the children as though they were carnivores, according to the bad custom which is still quite prevalent. . . . If we limit the meat, we limit the source of iron, the vegetables and the fruits—we cause a certain sluggishness of blood formation and an entire lack of resistance to the diet of the most rigid vegetarians than by feeding the children as though they were carnivores, according to the bad custom which is still quite prevalent. . . . If we limit the meat, we limit the source of iron, the vegetables and the fruits—we cause a certain sluggishness of blood formation and an entire lack of resistance to the diet of the most rigid vegetarians than by feeding the children as though they were carnivores, according to the bad custom which is still quite prevalent. . . . **Committee Backs Provision
of Johnson Bill.**

Washington, January 16.—Approval was given today by the house immigration committee to a provision in the Johnson immigration bill which would bar Orientals from the United States.

The provision stipulates that an alien, ineligible for citizenship is not permitted to enter this country to take up permanent residence.

The committee approved an amendment by Representative Baker, democrat, California, which would place

sum of all this and divide by two. That spreads the cost over one year. Add this fifth to the proceed monthly and see how it compares with all now being paid.

Making this comparison considering any savings, such as in interest and from work, and advantage to health, happiness, comfort. You will then be able to make an intelligent decision as to the proposed move is wise.

Every WomanOwens-Black Marriage
Important Social Event

Of superlative beauty in every detail, the marriage of Miss Theodora Sherrard Owens and Charles Harmon Black, Jr., which was solemnized Tuesday evening at the Ponce de Leon Avenue Baptist church, was of greatest interest to the host of friends and relatives of the popular young couple, and marked the union of two of the south's most distinguished families.

The handsome church was never more beautifully decorated than for this occasion, and provided a setting of exquisite loveliness. The vestibule was banked with masses of palms and southern amilax, and on one side a screen of palms, where the bridal party stood before entering.

Electric brackets on the walls of the church were draped with garlands of amilax, which fell in graceful streamers. Rich, stately palms were banked against the organ loft and their rail, and were intermingled with quantities of handsome Australian ferns. On the rostrum in front of the organ loft were garlands of southern amilax, ferns and palms, and on either side were seven-branch candelabra, in which tapered flames, casting a soft light over the wedding party. Before the rich green background were two elaborate white wicker vases filled with Easter lilies.

The aisles were marked with white crush, and three pews on each side, reserved for the families, were marked with wide satin ribbons.

Nuptial Music.
During the assembling of the guests, C. W. Dieckmann, organist of the church, rendered a program of appropriate numbers, including the wedding march by Söderstrom, Kreisler's "Liebesfreud," "Pizzicato," by Debussy; "March Pittoresque," by Krieger, and "Nocturne," by Chopin. Lohengrin's wedding march was played as the processional, and Mendelssohn's as the recessional.

First to enter were the groomsmen, who proceeded in pairs down the aisle, the bridesmaids following. They were Sherman Boston, Craig Matthews, John Grant, John Somerville Knox, Richard Hickey and Henry Grady. The gorgeous train of the bride was reflected in the gowns of the beautiful attendants who followed. Bridesmaids, descending in pairs, were Mrs. Henry Grady Black, Mrs. John Somerville Knox, Mrs. Frank Camden Owens, Miss Antoinette Smith, of Griffin; Miss Douglas Paine and Miss Callie Orme.

They were dressed alike in exquisite costumes of chiffon, the colors slanting from yellow to a deep orange, and trimmed with elaborate motifs of topaz rhinestones. In front of the skirt was a large design of the beautiful rhinestones in bow-knot effect. The short waist line portrayed the basque style, and the bodices were sleeveless with a round neck. Their flowers were half round shower bouquets of golden yellow narcissi and lavender sweet peas showered with narrow lavender ribbons and single violets. The bouquets were also tied with the narrow lavender satin ribbon.

Maid of Honor.
The maid of honor, Miss Esther Helton, of Fort Worth, Texas, former schoolmate of Miss Owens at Briarcliff Manor, wore a gown of the same exquisite material and design as those worn by the bridesmaids. Her flowers were a half round arm shower bouquet of yellow narcissi, lilies of the valley and lavender sweet peas, showered with narrow lavender satin ribbon and single violets, the bouquet being tied with lavender satin ribbons to match the flowers.

Preceding the bride came the little flower girls, Miss Martha Hall,

daughter of Mr. and Mrs. Edward S. Hall, of Morristown, N. J., and Miss Gene Davis, young daughter of Mr. and Mrs. Charles Black. Their lovely frocks were fairland, models of white satin with trimmings of gold beads around the neck and waist. They wore short white kid gloves and carried yellow beehorn hats, suspended from their arms with lavender satin ribbons and filled with golden narcissi and lavender sweet peas.

Ushers were Charles T. Nunnally, Thomas B. Paine, John S. Owens, Dr. Frank Boland, James B. Floyd and Robert F. Jones, Sr. The groomsmen and ushers wore boutonniers of white carnations.

Lovely Young Bride.
The lovely young bride entered on the arm of her brother, Frank Camden Owens, who gave her in marriage, and proceeded to the altar, where she was joined by the groom and his best man, Henry Grady Black. The marriage service was performed by Dr. Arby Jones, pastor of the church.

The bridal gown was of heavy duchess satin in simple straight lines and was elaborately beaded in pearls, with a row of the beads around the neck, arms and waist. The long court train was formed of tulle from the shoulders to the waist line, displaying the beauty of the gown, and the bottom was of the same handsome satin, caught with many orange blossoms. Where the tulle joined the satin was a row of orange blossoms.

The bride veil of exquisite tulle was caught at the hair with a coronet of orange blossoms, and on either side were sprays of these beautiful blossoms, which fell in showers over the ears. Her only ornament was a handsome platinum bracelet, studded with diamonds and emeralds, the gift of the groom. Her bouquet was a half round arm shower formed of white lilies, lilies of the valley and lavender orchids, showered with narrow ribbons, and tied with satin ribbons.

The groom and his best man wore boutonniers of lilies of the valley.

Elaborate Reception.
Mr. and Mrs. Charles T. Nunnally, assisted by the bridesmaids, entertained at 9 o'clock at the Piedmont Driving Club following the wedding at the church. Decorations of the handsome rooms and appointments throughout were of orange blossoms, and formed a delightful background for the assemblage of the many hundred guests, members of Atlanta's society.

The receiving party stood at the right side of the ballroom against a background of rich green foliage. In the party with Mr. and Mrs. Nunnally, Mr. and Mrs. Black were members of the wedding party, and Mr. and Mrs. Charles Harmon Black, parents of the groom.

The tall columns in the ball room were hung with southern amilax and surmounted with large Australian ferns. The orchestra loft was banked with palms and ferns, and here Warner's Seven Aces were seated and played popular numbers for dancing during the evening.

The two oblong buffet tables were placed on either side of the room, against a background of palms and columns which were hung with garlands of amilax. At either end were silver baskets filled with white lilies and pink roses, and in the center was a semi-circular floral piece. At intervals were silver candlesticks holding pink tapers, confectionery baskets, candy bonnets filled with mints and comforts of nuts.

Bride's Table.
The bride and groom and members

Continued on Page 12, Column 2.

Maj. and Mrs. Magee
Hosts at Informal
Dinner Wednesday

An informal social event of interest was the dinner party at which Major and Mrs. James C. Magee were hosts Wednesday evening at their home on Highland View, their guests numbering a popular group of the army contingent who reside in Atlanta.

The handsomely appointed table was overlaid with an imported lace cover and an artistic color combination of salmon-yellow and green was used in the decorations. Gracing the center of the table was a low silver bowl filled with salmon-yellow sweet peas and ferns. The candles and bonbons were in green, the same color motif prevailing in the hand-tinted place cards.

After dinner the guests attended the reception at Fort McPherson which the officers of the fort gave in compliance to Colonel Dwight W. Ryther, new commanding officer of the Twenty-second Infantry, and to Lieutenant Colonel and Mrs. James M. Kimbrough, Jr., who will leave soon to make their home in Griffin, Ga.

Covers were placed for Colonel and Mrs. Ralph Porter, Colonel and Mrs. Perry Jones, Colonel and Mrs. Pinell, Major and Mrs. Magee.

Study Class To Meet Today.
The Thursday Study class has extended its hours and will meet from 1:30 to 5 o'clock, holding two sessions of three half-hour periods, at Carnegie library assembly room.

Any one interested in the study of the three subjects, metaphysical healing, the evolution of consciousness and the control of the breath, is invited to attend.

Lovely Reception
At Church.

A very enjoyable occasion was the reception given at Wesley Memorial church in honor of the new pastor, Rev. Marion Williams and family. The reception was held in the Young People's room which was attractively decorated in ivy and ferns.

Assisting in receiving with Mr. and Mrs. Williams were the chairmen of circles, Mrs. H. L. Simmons, Mrs. W. E. Baker, Mrs. A. W. Tolleson and Mrs. J. W. Tatum.

Throughout the evening an orchestra from the Alpha class furnished music. A. C. Minter introduced the pastor who in return gave an interesting short talk. Mrs. W. E. Baker gave a humorous essay on "Mosquito." Violin selections were given by Arthur Page and Mrs. John

Miss Davis Will Be Honored
At Party Series Thursday

Miss Henrietta Davis, whose marriage to J. Whewell Speas will be a brilliant event of Saturday evening, will be the charming honor guest at the bridge-tea at which Mrs. Fay Wesley Ream will entertain this afternoon at her home on Eleventh street and again this evening when Miss Catherine Erwin will be hostess at a buffet supper at the home of her parents, Mr. and Mrs. Thomas C. Erwin, on Oakdale road.

S. Cook gave several readings. An ice course was served.

A committee composed of Mrs. W. A. Dodge, Mrs. McRee, Mrs. W. E. Brogdon, Mrs. E. N. Ethridge, Mrs. I.

Miss Frances Brown
Acts as Hostess
To Bridge Club

A lovely social event of Wednesday's calendar was the bridge-tea at which Miss Frances Brown was hostess at her home on Barksdale drive, the invited guests including the members of her bridge club.

The lovely home was adorned for the occasion with roses, narcissi and blooming plants. The game was played in the living room.

The prize for top score was a box of French powder.

Miss Brown received her guests wearing a spring sport model of black and white.

Following the game ten was served. The guests included Mrs. William Beilell, Mrs. George M. Phillips, Mrs. Laura Etheridge, Mrs. Kirk Smith, Jr., Mrs. Louis Wright, Mrs. John L. Tre, Jr., Miss Marjorie Weldon, Mrs. Z. A. Terry and Mrs. John Baldwin.

Church to Plan
Gymnasium Class.

The congregation of the church of the Epiphany calls a meeting at the parish house on Friday evening, January 18, at 7:30 o'clock. The purpose of the meeting is to discuss the possibility and to make plans for instituting a department of athletic, including a class in gymnastics and golf with an instructor at the church.

A short address will be made by Dr. C. B. Wilmer, rector of St. Luke's church, and one by Miss Isabelle Randolph, A. B., M. A., Columbia university, in charge of physical education at Agnes Scott college.

There will also be an informal discussion of plans and means by Mrs. Dozier Lowndes, many times southern woman golf champion; Mrs. Bradley, recent winner of contest at Brookhaven for long distance driving with entries from eleven southern states; and Miss Sarah Smith, present instructor, and others.

Those who are interested are invited to attend.

The T. E. L. Class
To Hold Meeting.

The "T. E. L." class of Oakhurst Baptist Sunday school will entertain at a silver tea this afternoon at the home of Mrs. E. R. Carswell, 127 Drexel avenue, from 3 to 5. The proceeds will go toward the building fund of the class.

League of Voters To Begin
Dance Series at Club de Vingt

Beginning Saturday of this week, the League of Women Voters will give a series of tea-dances at the Club de Vingt hall on Peachtree and Third streets, from 5 to 7 o'clock in the afternoon. These dances are being arranged and planned by Miss Eleanor Cooper, Miss Dorothy Bartlett, Miss Nancy Linthicum, Miss Grace Mills, Miss Annette Gay and Miss Leonora Anderson.

On the reception committee will be Miss Frances Brown, Miss Dorothy Bartlett, Miss Nancy Linthicum, Miss Grace Mills, Miss Annette Gay and Miss Leonora Anderson. Bartlett, Ford, Ned Bullock and Billy Gayle will be on the floor committee assisting Miss Raul.

At the dance on Saturday free cards of admission will be given to the lucky number couple, which cards will admit them to the next dance of the series the following week.

Information concerning the dance may be had by calling Main 3346. Cards for the dance are at 504 Conally building.

At the dance on Saturday the chaperons will be Mrs. Paul LaBrant, chairman of the dance committee; Mrs. Harry Chamberlain, Mrs. Sanford Gay and Miss Eleanor Raul.

On the reception committee will be Miss Frances Brown, Miss Dorothy Bartlett, Miss Nancy Linthicum, Miss Grace Mills, Miss Annette Gay and Miss Leonora Anderson.

At the dance on Saturday free cards of admission will be given to the lucky number couple, which cards will admit them to the next dance of the series the following week.

Information concerning the dance may be had by calling Main 3346. Cards for the dance are at 504 Conally building.

Chaperons for the evening, Mr. and Mrs. J. W. Williams, Mr. and Mrs. J. R. Wakefield, Mr. and Mrs. Chester Johnson and Mr. and Mrs. Paul Mote.

All members of the different dancing clubs and fraternities are cordially invited. Admission by card only.

Hospital Auxiliary
Will Give Luncheon.

Mrs. A. L. Norris and Mrs. McWhorter Milner, key women, north and south Atlanta districts of the Wesley Memorial hospital auxiliary, are arranging a luncheon Friday at 1 o'clock to be given in the lunch room of the Wesley Memorial church.

Present at this luncheon will be representatives from each of the churches of these districts. Interesting plans will be discussed for the work of the auxiliary for the coming year and it is greatly desired that all the churches be represented.

Bessie Tift Alumnae
Will Meet Today.

The regular meeting of the Bessie Tift alumnae will be held at the Atlanta Woman's club Friday afternoon at 3:30 o'clock.

Mrs. J. T. Daniel, the president, will preside at the business meeting at the conclusion of the program tea will be served in the dining hall.

All members are urged to attend and visiting alumnae are invited. Call Mrs. Daniel for reservations, Ivy 1316-W.

West End Club
Will Hold Dance.

The West End Community club will give an informal dance in their club rooms at the corner of Gordon and Lee streets, Friday evening, January 18. Dancing from 9 until 12 o'clock.

Soost-Fisher Wedding in Mobile Of Wide Interest

Mobile, Ala., January 16.—(Special.)—Miss Effie Soost, youngest daughter of Mr. and Mrs. C. Walter Soost, of Mobile, a favorite socially and the possessor of a lovely voice, was a lovely bride of Wednesday, her marriage to Forrest Baldwin Fisher, of Atlanta, being one of the prominent weddings of the early new year. The ceremony was performed by Father E. J. Hackett and the wedding was a twilight one with sunset and white as the colors carried out in the decorations of the Soost home, where the marriage was solemnized, and in the bride's costume, and that of her matron of honor, Mrs. Frederick Patterson, of Atlanta, and the beautiful Timothy roses carried by her, and used in the house decorations.

Beautiful music was furnished by Mrs. Ed Michael, piano; Mrs. Martin Nestor, violin, and Mrs. Emma L. Tam, vocalist. Wedding guests included three friends of the groom from Atlanta, J. A. Alexander, H. C. Erwin and Fred Patterson, the latter being his best man.

The bride, a lovely blonde, wore a beautiful creation of white tulle and crepe beaded in pearls, crystals and rhinestones, the veil forming her train. Her bouquet was of orchids and valley lilies showing effect. She was given away by her father and attended by Mrs. Patterson, who was lovely in sunset georgette beaded in crystals with a rhinestone ornament in her hair.

The couple left after the ceremony for Florida, where their car is awaiting them at Jacksonville for a tour of that state for the next six weeks. After March 1 they will be at home at the Pershing Point apartments. Many anti-nuptial parties for the bride have attended her popularity. The bride traveled in a rosewood charmer, her hat a spring model to match with a touch of black and gold.

SOCIAL ITEMS

Mr. and Mrs. W. S. Conner, of West End, are spending the month of January in Florida.

W. J. Wood is spending the week in High Point, N. C.

Miss Brownie Merritt is spending the winter in Florida.

Mrs. C. F. Palmer and children are visiting relatives in Grand Rapids, Michigan.

Mrs. J. H. Merritt is visiting relatives in Winter Garden, Fla.

Miss Mary Reid left Tuesday for Baltimore to be the guest of her sister, Mrs. O. O. Ellis and Miss Janette Kidd.

Mrs. William H. Conley and children, of Balboa, Canal Zone, Panama, have taken an apartment on North Boulevard for the winter.

Mrs. Lester Sheffield, of Decatur, Alabama, is the guest of her sister, Mrs. I. M. Sheffield at her home in West End.

Mr. and Mrs. Straiton Hard and young son, Straiton, Jr., leave next week on a motor trip through Florida. Among the prominent Alabamians who will attend the Stone Mountain Memorial association meeting on January 19 will be Honorable and Mrs. Charles S. McDowell, Jr., of Eufaula. Mr. McDowell is lieutenant-governor of Alabama and Mrs. McDowell will represent the United Daughters of the Confederacy of Alabama of which she is president.

Mr. and Mrs. Homer Carmichael and children, have taken a cottage at Miami Beach, Fla., where they will spend the winter months.

Mr. and Mrs. Edward M. Gould leave today for Miami, Fla. They were among the out-of-town guests attending the marriage of Miss Theodora Owens and Charles H. Black, Jr., which was a brilliant event of Wednesday evening. They will spend several months in Florida before returning to their home in St. Louis, Mo.

Stirling J. Elder and M. C. Livingston left Tuesday for a week's stay in Chicago.

Miss Frances Brown and Mrs. Kirk Smith left Wednesday for Jacksonville, where they will join Mr. Smith for a motor trip through Florida. They will be away two weeks.

New York Southern Society Annual Ball.

The New York Southern society has issued invitations to the annual ball to be given at the Waldorf-Astoria, in New York, Monday evening, January 21, at 9 o'clock.

This is always a very brilliant occasion and one in which great interest is shown by the southern colony in New York city. Charles H. Cason is secretary of the society.

Williams St. P.-T. A. To Hold Meeting.

The Williams Street School Parent-Teacher association will meet at the school on Thursday, January 17, at 3 o'clock. All mothers of the school community are invited whether they have children enrolled in the school or not. Mothers of pre-school age children will be especially welcomed at this meeting.

DAILY CALENDAR OF SOCIAL EVENTS

Mrs. Fay Wesley Ream will give a bridge-tee for Miss Henrietta Davis.

Mrs. Albert Howell will entertain at a luncheon at Piedmont Driving club in compliment to Mrs. Clark Howell, Jr.

Mrs. Scott Hudson will compliment Miss Emily Davis, a bride-elect, with a tea at her home at East Lake.

Miss Catherine Erwin will entertain at a buffet supper for Miss Henrietta Davis and James W. Speas, whose marriage will be a social event of the week.

Miss Mary Allen will give a luncheon at the Piedmont Driving club in compliment to Miss Catherine Murphy, one of the season's debutantes.

Mrs. William W. Carmichael will entertain the members of her bridge club today at her home on Edwin Place at 2:30 o'clock.

Mrs. Sims Bray will entertain at a bridge-tee this afternoon at 2:30 o'clock at her home on Juniper street in honor of her guest, Mrs. William King, of Memphis, Tenn.

Col. and Mrs. Parker Entertain at Dinner.

Colonel and Mrs. Hugh Parker entertained at an informal dinner party Wednesday evening at their home on the Blackstone apartments.

On the center of the table covered with a large silver basket holding red and white roses with narcissi. Silver candlesticks holding red candles were placed at each end of the table.

Mrs. Parker was given in a model of black lace over satin. Covers were laid for General and Mrs. David A. Shanks, Colonel and Mrs. Charles Humphrey, Colonel and Mrs. McAlane and Colonel and Mrs. Parker.

Mrs. Grace Will Attend Unveiling.

Mrs. Walter Grace, president of the Georgia division, United Daughters of the Confederacy, will be a distinguished guest present at the unveiling of General Lee's head on the Stone Mountain Memorial on Saturday, January 19. The unveiling will mark the most momentous celebration of Lee's birthday staged in Georgia, and the presence of the leaders in Georgia of the U. D. C. will add to the brilliancy of the gathering.

Mrs. Grace will be hostess to the executive board meeting of the division in Macon, Tuesday, January 29.

White - Delbeck Wedding Plans Are Announced

Of interest to hosts of friends in Atlanta is the announcement of the wedding plans of Miss Margaret White to John Austin Dilbeck, which will be solemnized Saturday evening, February 2, at Westminster Presbyterian church, at 8:30 o'clock.

Dr. Charles A. Campbell, pastor of the Druid Presbyterian church, will be the officiating minister and the bride will be given in marriage by her father, William Catnam White.

Miss Sarah White, sister of the bride, will be maid of honor, and Mrs. John Ireson Leonard, also a sister of the bride, will be matron of honor.

The bridesmaids will be Miss Mary Kenimer and Mrs. J. D. Lee. Little Betty Langston, daughter of Mr. and Mrs. J. H. Langston, of Macon, Ga., will act as flower girl.

J. H. Langston, of Macon, Ga., will be best man.

Ramsey Black, Joe Cheney and J. D. Lee will be groomsmen.

After the ceremony Mr. and Mrs. William Catnam White will entertain at a reception at their home, the guests to include the members of the bridal party, the two families and out-of-town guests.

After a wedding journey to Cuba and points of interest in Florida Mr. and Mrs. Dilbeck will be at home with Mr. and Mrs. White on North Moreland avenue.

A series of pre-nuptial parties will be given in honor of Miss White and Mr. Dilbeck.

THE WESTERNERS

By Stewart Edward White.

Continued From Yesterday.

"It ain't all I got to say," retorted Houston, standing his ground doggedly. "You talk well, but has you got the money? That's a fair question in business, I reckon. Has you got the money? No, you hasn't. You got just an hundred and fifty-two dollars, and that's every red cent you has got."

Billy's immediate act of homicide was checked by this astounding knowledge of the total of his bank account. "Damn you, Tony Houston," he said slowly, at last, "I believe you're drunk too. You come in the mornin' and get paid, an' you'll find yore money comes along all right. This is a hell of a gang," he went on with contempt. "I lays myself out from now on to see that yore little two by four prospect holes ain't worth th' powder to blow 'em up, and I reckon I has a little influence as superintendent of this game."

"Superintendent?" cried Houston, and the men laughed loudly.

In another moment Billy would have knocked Houston down and drawn his gun on the crowd, but that Michael Lafond showed his way through the press. "What is the trouble? Here, this won't do!" cried Black Mike.

"That's what I want to know," cried Billy.

Lafond motioned the men aside, and, with the utmost gentleness, led the wondering Billy to a far corner of the room. "I'm sorry that I have this to do, Billy," said Lafond. "But these men of yours sent them to me because I am notary public and I must do it."

Without further preamble, the half-breed drew some papers from his breast pocket, and handed them to Billy. The first was a review of the work done on the Great Snake group of claims, with a detailed analysis. It outlined also the work that should have been done, and it ended with a general conclusion of incompetence. The second contained Billy's formal disclaimer as superintendent. The third returned Billy's shares as his portion of the company's dissolution, said company having dissolved without assets.

Billy sat very quietly and read the papers over three times, while his fellow townsmen stood silent and watched him. The first perusal bewildered him, and turned him sick at heart with disappointment and recognition of the estimate in which men held him, the second brought to his consciousness that his companions were regarding him; and that, in turn, caused him to realize that his prestige was crumbling, his integrity dishonored, his abilities belittled. The third impressed on him the desperate straits in which he found himself—without money, holding a doubtful interest in claims whose had name was by this established so firmly that no eastern capital would ever take hold of them again, the more if not legal debtor to these men who had worked all winter for him. The iron turned in his soul. Michael Lafond sitting there in the role of sympathizer, was well satisfied with his handiwork. For the moment, Billy Knapp was a broken man. He arose slowly, and passed out of the door in the dead silence of those about him.

After his exit, the dance was forgotten and an earnest discussion raged. It was no light matter. Eleven men had invested heavily in powder, fuse, drills, and windlasses for the purpose of fulfilling their contract with Knapp; and they, and twenty-two others, had put in their time for a number of months. Many of them owed for board or materials. Others, though out of debt, had spent nearly all their ready cash. They all seemed desperately close to bankruptcy, for Lafond said nothing whatever respecting his agreement to pay the contracts himself. They seized torches and a rope, ran up the gulch, and beat in the door of Billy's office, only to encounter Billy enraged to the point of frenzy. That individual rushed them out at the muzzle of a pistol, with such a whirl of impetuous anger that it quite carried them off their feet, after which he planted his back against the building and stood there in the full light of the torches, revelling them. Why he was not shot I cannot tell. Billy was something of a dominant spirit when roused. After he had called them all the names he could think of, he slammed the door on them. They went away without knowing why they did so.

When they got back to town, they gathered again in the Little Nugget saloon, drinking, swearing, shouting. They made a stable-boy hide in the brush with a bottle of whiskey, to watch the mine, to spy on they knew not what. At daybreak the stable-boy came in from the upper gulch to say that Billy Knapp was hitching his horses to the buckboard. The news

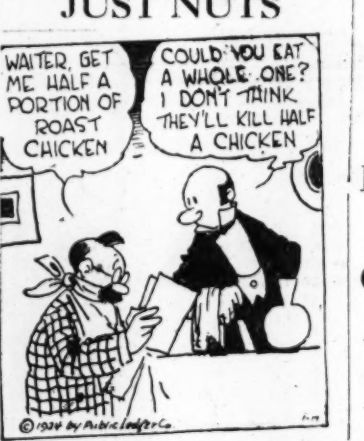

sobered them somewhat. Ten minutes later, the stable-boy again returned with the news that Knapp had loaded his buckboard, and was on the point of driving through town. A dozen men at once ran out into the street and concealed themselves behind the corners of buildings.

Billy did not calm down until after daylight, and then he found that his depression had vanished. The entire lay-out, he found, had weighed on his spirits, and this last ungrateful episode had made him sick of the whole miserable business. He ought never to be tied down. If he was going to stick to gold hunting, it ought to be as a prospector, not as a miner. A prospector enjoyed the delight of new country, of wilderness life, of the chase, and then when civilization came too near, he could sell his claims to the miner and move on to a virgin country. With the thought came a wave of anger against the men of the town. After all, what had he to gain by staying? This outfit was a fizzle.

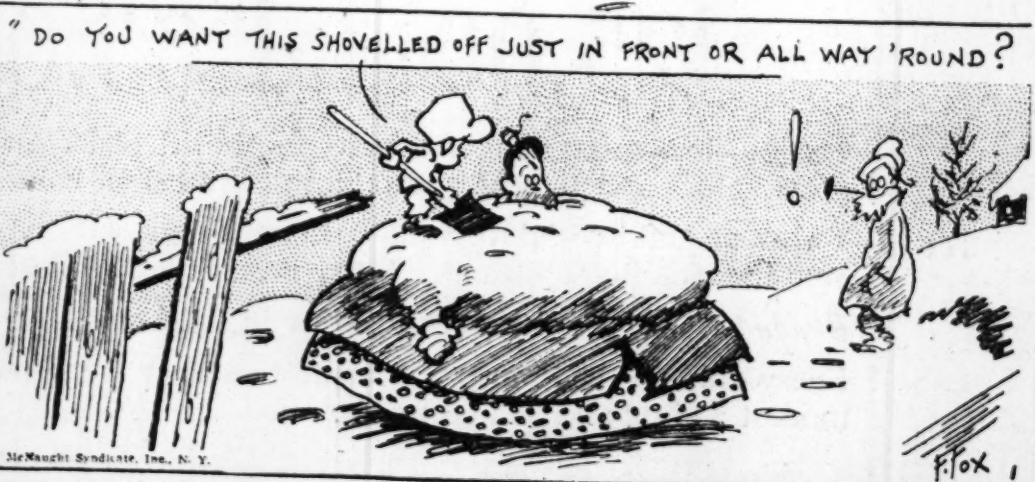

He began to experiment with the buckboard. After an hour's earnest work, he drew back triumphantly to observe all he wished to take with him secure, packed on the vehicle. Then he coupled in his grays. He did not know exactly where he would go; that was a matter of detail, but somewhere west in all probability—somewhere in Wyoming, where Jim Buckley was hidden up in the mountains. He climbed in, deliberately untied the reins from the long back handle, clucked the horses, and took his way, whistling, down the narrow trail. At the entrance to town, Billy's whistling suddenly ceased. The street was quite bare and silent. It wasn't natural. He reached under the seat for his Winchester, laid it softly across his lap, and caught the end of the long lash he held in his hand. Then he resumed his tune exactly where it had been broken off, looking neither to right nor left, and jogging along without the slightest appearance of haste or uneasiness. Near the first cabin the whistling broke off again. A little figure stumbled out into the deserted street, weeping and afraid. Billy pulled up. It was the Kid. "They're going to shoot you," he sobbed, "from behind the Little Nugget, without giving you a chance! I had to tell you, an' they'll most kill me!" Billy's eyes began to sparkle. The Kid tried to hold within the other's reach his little .22 calibre rifle, his precious possession. "Here, take this," he begged.

Billy laughed outright, a generous, hearty laugh with just a shade of something serious in it. "Thank ye," said he, "I got one. And let me tell ye right yere, you Kid, yore a white man, you are, and yore jest about the only white man in the place." He cast his eyes about him in the buckboard at his feet. "Yere ye be," he said, frowning at a pair of huge silver-ornamented Mexican spurs and leaning over to give them to the boy; "jest remember me by them thar; they has my name in 'em; and, look yere," he went on with a sudden inspiration, "you-all gets up gulch to my camp and takes what grub you finds and lies low until they gets over their mad. I don't know, but what they does kill you, if you shows up afore that."

The Kid, followed friskily by Billy, just nuts

Aunt Eppie Hogg the Fattest Woman in Three Counties—

THE GUMPS—UP AND AT THEM

ter, scuttled up the gulch. Billy stood up in his buckboard and faced the inscrutable row of houses. "To damn coyotes!" he yelled, "thar goes the only man in the whole outfit. Shoot 'y' Siwash, shoot!" and he brought his long whip like a figure 8 across the flanks of all four horses at once.

Bang! reverberated a shot, and a bullet spashed white against the brake bar. Billy dropped the reins to the floor of the buckboard, and planted his foot on them. He steadied his knees against the seat, and threw down and back the lever of his Winchester for a shot.

Bang! Bang! Bang! went other shots from behind puffs of white smoke. There were perhaps a half-dozen men with rifles and a dozen or so with six-shooters, all pumping away as fast as they could. The buckboard was struck many times. One horse was hit, but only slightly—not

enough to interfere with, but rather to encourage his speed. Billy fastened his eyes on the spot whence the first bullet and sped. Suddenly he threw his rifle to his shoulder. Crack! it spoke.

It was a wonder, with so large a mark, that neither the man nor the horses were hit. It must be remembered, however, that the marksmen were more or less drunk, and that Billy's speed was by now something tremendous. Crack! went his Winchester again. At the end of the straight road was a turn of considerable sharpness, flanked by bold cliff like rocks. In the best of circumstances, this bit of road requires careful driving. With a runaway four and a light buckboard, a smash-up was inevitable. The hidden assailants and spectators of the strange duel realized this suddenly. In the interest of the approaching catastrophe, the fusillade ceased as abruptly as

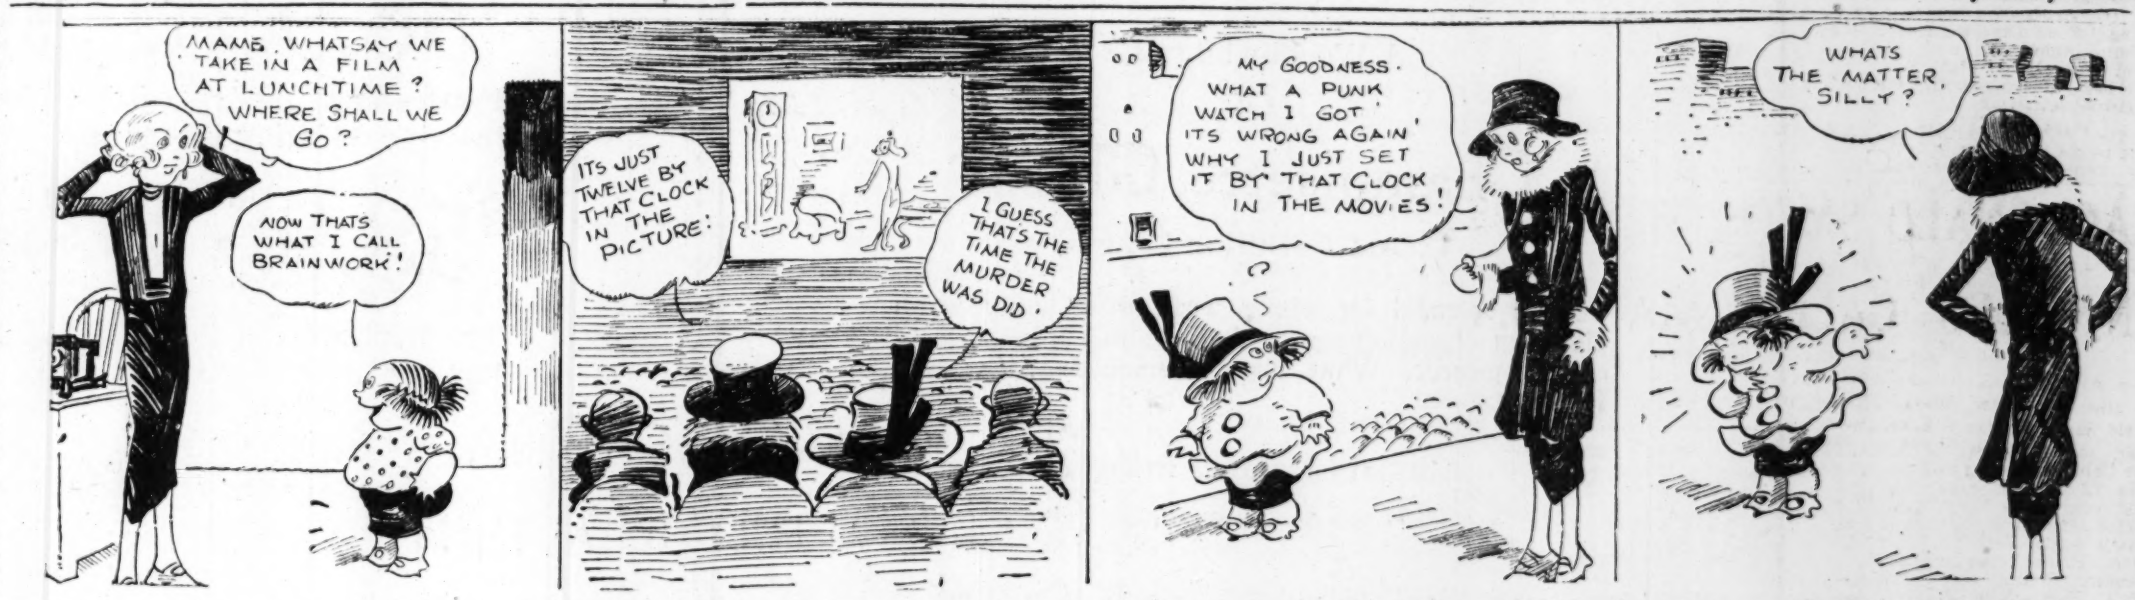

it had begun. Billy maintained his first attitude, one knee on the seat, the other foot braced against the floor, keenly expectant. The silence became breathless, and one or two men leaned forward the better to see. "Crack!" spoke Billy's rifle for the third time. The man who had fired the first shot pitched suddenly forward from behind his sheltering corner and lay still.

With one swift motion the scout dropped his Winchester in the seat, grasped the four reins, and threw his enormous weight against the bits. The grays had been ranch-bred. They bunched their feet, hunched their backs, and in three heavy buck jumps had slowed down from a breakneck run to a lumbering gallop. Billy Knapp gave vent to the wild shrill war cry of his foster parents, the Oglallah Sioux, and jogged calmly out of sight around the bend of the road.

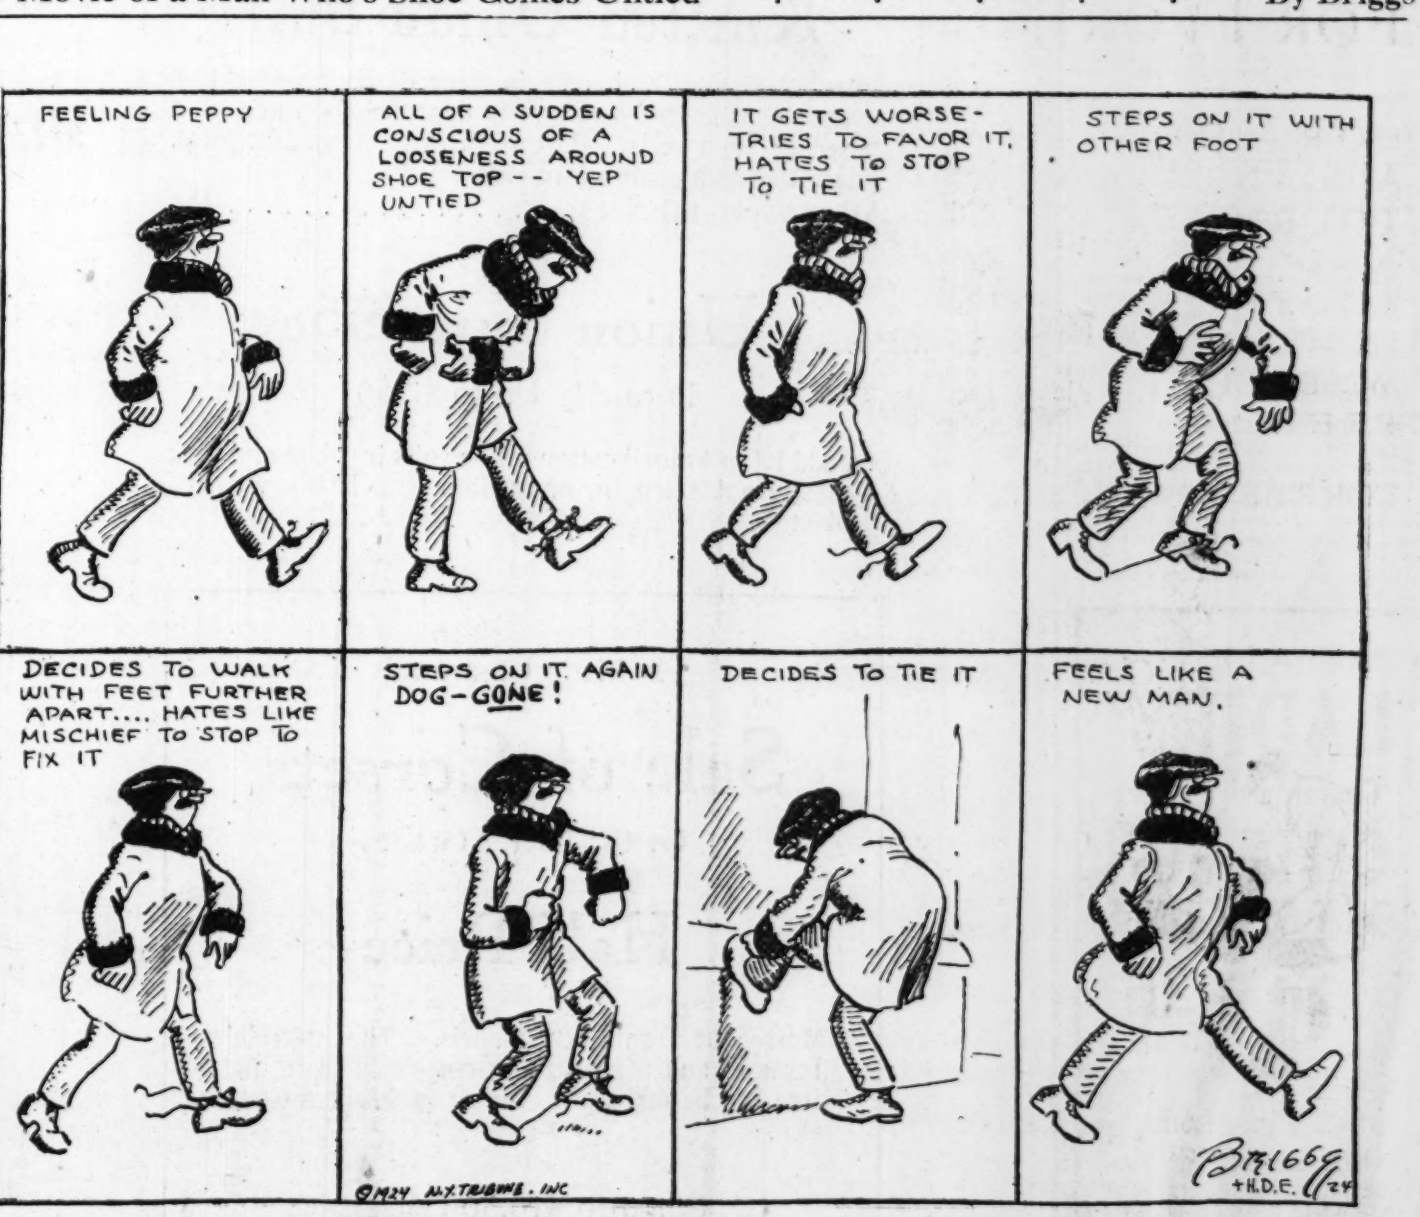

A great crowd pressed about Tony Houston, prone on the ground. They discovered that the ball had passed through the point of the shoulder, not a dangerous place in itself, but resulting in a serious wound because of the smashing power of the express rifle. "Damn fine shooting!" they said, looking at each other with admiration. "Damn fine!"

And around that lower bend, half a mile beyond Durand's cabin, Billy encountered in the person of Jim Buckley the very man he intended to search for, and that by not so very strange a chance when all is considered. After the scouting days were quite over, Jim Buckley had struck out for Wyoming, where he looked about him and finally settled in the Crooked Horn district all alone. He was prospecting. And as he was a great big leisurely sort of fellow, never in a hurry, and quite uncon-

AVERA BATTERS BRANCH BADLY FOR TWELVE ROUNDS

McGinty and Budd Draw While O'Rourke Holds Cline to an Even Count

BY PAUL WARWICK.

Larry Avera patted the face of Chick Branch from every conceivable angle and into every conceivable shape in the main bout of the all-star card at the Auditorium last night. Larry won every round, with the probable exception of one scoreless round. He created fantastic and grotesque designs with the Branch prospector's head and body. The Branch ears into double bow knots. He caused the Branch face to bleed and enlivened the Branch eyes.

With the net result that Branch hopped from the ring after the twelfth round just as chipper as he had entered it some moments before. After watching him lap up punishment from the rejuvenated Avera for a dozen rounds, one instinctively arrives at the conclusion that a sledgehammer blow wouldn't worry him—unless he happens to be ticklish. But the end of it is—durability and an honest desire to fight back are his sole pugilistic possessions.

The card last night was the first to be staged under the auspices of the Atlanta Boxing commission. The small crowd had a good time, even while the fight was going on.

The shiny-windup, between Battling Budd and John McGinty, imported from Birmingham, was slow but uninteresting. Neither fighter seemed to make a go of it. Budd, an old time favorite, seems to have lost the desire to fight and the ability to fight. The old one-two that won him fame is parked somewhere. But they were the handiwork of a trainer.

Avera Coming Back.

But to the spectators it seemed entirely unnecessary for McGinty to be in the ring.

Kaliska to make them shake hands in the twelfth round. They seemed to be on excellent terms all through the fight. It is to be doubted if the boxing commission ever will find a more brilliant opportunity to produce a fight "no contest." Neither fighter won, so the draw was a good decision.

Avera seems to have almost pulled the old come-back stunt, although Branch did not offer enough resistance to permit judgment. But Larry was fighting perpetually, continuously after the manner that knock for a loop yet not faze and he exhausted enough energy in slapping rights and lefts into his opponent to have told on him, had he not been in good condition. The feature of the scrap was the one blow that Avera missed—just as the second round came to an end.

Irish Benny Cline, picked to win easily over Tex O'Rourke, faked in that gentleman a clever little boxer who would not cease punning and punning until he was completely exhausted. He was rather surprised when Bill Kaliska pronounced the fight a perfectly reasonable draw. Irish led for the opening rounds, but a strong come-back later won Tex an easy draw with his heavier opponent.

Battling Watts whipped White in the first three rounds of the newscow opener. The referee stopped the fight. A guy named Paul has no right trying to fight anyway.

It was a great opportunity for the was usually dead-head right way into the auditorium. They found a lot of clever things to say about the boxing commission, when they weren't busy trying to figure a way to get into the next fight card.

The main scrap was interesting throughout, but mainly from the standpoint of conjecturing on how much longer Branch would be able to stand up under the blows that were being rained on him by Larry. The Cline-O'Rourke engagements were really the feature of the evening.

MACDONALD SMITH, WITH 295 ANNEXES CALIFORNIA OPEN

Los Angeles, Cal., January 16.—(By the Associated Press.)—MacDonald Smith, veteran San Francisco golfer, tonight holds the honor of being California's open golf champion. The 72 holes of medal play completed today at the Los Angeles Country club after three days found Gene Sarazen, national champion; Arthur Havers, British open champion; J. DeKendon, French open champion; Arthur Harn, New Zealand open champion, and Joe Kirkwood, Australian champion and 1923 California open champion, unable to sink even comparatively short putts.

They joined in expressing that the greens were too tricky. The third

Hit and Run Play Is Discussed by Wagner

SSSLERSAYS HE WANTS SHOCKER

Chicago, January 16.—Manager George Sessler, of the St. Louis Browns, is having a gentlemen's disagreement with the Brown owner, Phil Ball, over the desirability of including Urban Shocker in the 1924 roster.

Sessler doesn't want him, but he may not interfere, if his manager insists on retaining Shocker, who, he admits, is one of the greatest pitchers in the game. The question has grown out of Shocker's suspension last season.

Sessler's attitude towards the pitcher became known following a conference between Ball and Ban Johnson, president of the American league, here Wednesday. Ball said Sessler had written that he wanted to retain Shocker, and that he thought he could handle him.

Ball intends to go to the bat in person when the second Shocker hearing takes place in St. Louis. The owner intimated that so far as he was concerned, Shocker would be put on the market.

Draughon's Five Defeated by Fort

BY ELIZABETH PERRY.

In the opening game of the Federated league, Fort McPherson defeated Draughon's five, advancing their lead by a score of 31-14. For the Fort, Tedesco and Grant led the attack and played a brilliant floor game. Draughon's five, consisting of Robinson, Dwoosik, Dwoosik, Dwoosik, and Dwoosik, were defeated by a score of 31-14. For the Fort, Tedesco and Grant led the attack and played a brilliant floor game. Draughon's five, consisting of Robinson, Dwoosik, Dwoosik, Dwoosik, and Dwoosik, were defeated by a score of 31-14.

Georgia Quintet Humbles Clemson

Athens, Ga., January 16.—In the opening game of the season, Georgia walked away with the Clemson Tigers, winning easily by the score of 35-13. The Bulldogs excelled in every department of play and apparently had the Tigers bewildered by the speed and pass work displayed. Richardson and Gurr were the bright and shining lights for the locals. They were the ones about whom the offensive was launched, and time after time, by excellent team work, the ball was carried down to the Georgia goal for one of these to make the count. Gurr made 10 field goals, while Richardson threw five; Bennett and Tippin did splendid work at guard, and five field goals being thrown over them.

Clemson used the old man-to-man play during the first half but changed over to the five man defense in the latter, neither one stopping the Georgians. Garrison, Wertz and Vaughn played well for Clemson.

The Line-up: Williams (2), f. Dutterer Richardson (10), f. Wertz (4) Gurr (20), c. Garrison (4) Tippin (10), f. Vaughn (5) Substitutes: For Georgia, Safford (2) for Williams; Miller for Bennett; Wiehrs (2), for Tippin; Clemson: Cox for Wertz; Haygood for Garrison; Garrison for Haygood.

A PIECE FOR THE PAPER

Joe's Departure.

"Doc" Auten, who administers liniment to the Cracker baseball team when liniment is needed, and who, among his other professional duties, has in years past operated the electric scoreboard in deep right center, paid us an informal call.

Knowing Doc of old and having sat beside him in the press coop on no few occasions, we rather anticipated one remark he let fall before he had settled well on the chaise longue which we keep for distinguished visitors. Anybody who knows Doc and his likes and his dislikes can guess the remark:

"You know, Paul, I sure did hate to see 'em let old Joe Guyon go."

Yes, Doc, there are a lot of us who hated to see the Big Injun's name listed on the departure side of the register—but it is evident that Jack Corbett is trying to build up a ball club that will knock loose pennant aspirations from others in the loop, and Jack seems to know what he is about. And if a trade that took Joe away will better chances, we can't kick.

This by no means comes under the head of news, but the talk with Doc did recall some reflections which had been made before. They may concern the indomitable energy which we all attribute to the aborigine, as a race.

Joe Guyon was not exactly a spring chicken, as age is calculated in baseball circles. He had passed the prime of his career, as it is supposed to be measured by the pretty new calendar that hangs on the wall.

Yet, with all that—he stepped out yards in front of Glenn Killinger and Eddie Moore and Schick and whoever else it was that partook of the 100-yard dash at Poncey park last July Fourth. Which does substantiate Doc's argument that the old boy hasn't slowed up enough to block traffic.

TEX RICKARD'S STORY.

Concerning the life story of Tex Rickard, which gets off to a flying start in Sunday's paper, advance proofs of which have already gripped us, there is only one suggestion. All the adventure, blood and thunder, cowboys and Indians, fights and scrapes that Tex has seen in his plumb checkered existence would go much better from the financial standpoint if sold in the form we used to hide under the back door steps and read in thrillsome moments back of the woodshed.

It's been a long trail that the renowned promoter has taken in reaching the dizzy heights he now holds in the promoting world and the story of it is a fascinating thing to read. It's an even bet that it will take its place among the other classics—Fred Fearnot and Terry Olcott, The Boys of '76, so packed to the overflowing with redskins that are habitually biting the dust it is.

PEN PUSHERS PEEVE PEGLER ATTACKS ATHLETIC AUTHORS

BY WESTBROOK PEGLER.

New York, January 16.—Bill Tilden insists upon his right to toy with the English language as one whose literary activity antedates his athletic celebrity. He was a writing man long years before he became a tennis champion and expects to split a nasty infinitive long after he has just the ability to flap a flossy tennis bat.

There ought to be some way of rating these athletic literatures who have taken up with letters on a permanent basis. There is a list of authors in this class are Batting Siki, author of "Battles and Battles"; Babe Ruth, who enriched the literary treasure of the world with many casual essays, and with a witty autobiography entitled, "I, Me"; Jack Dempsey, Luis Angelo Firpo, Penny Leonard, Frank Chance, Christ Moore and George Carlin; Jess Willard, and that learned and venerable dean of the vigorous literary, Oscar Mathew Battling Nelson, the bard of Hegewald, Ill.

In one of a show-down competition among these addicts of the pen, the art of writing, there must be a gold scoring system, whereby as many points are allowed for speed in writing, and so many for the quantity of the output.

Tech and Mercer do not meet in football or track, and very seldom in basketball. But they meet every year in basketball, and the games always rank among the best of the season.

Last year, Tech and Mercer played three games, two before the tournament, one during the tournament. Mercer got the decision of two out of three by virtue of winning the last game.

Mercer won the game in Macon, though she was required to play super basketball to come through. Tech won when Mercer came to Atlanta two weeks later. When the two teams met in the tournament, Mercer got off to a grand start and Tech was not able to cope with the matchless playing of Smith. As a consequence, Mercer won three games, two before the tournament, one during the tournament.

The Tech-Mercer game in Macon two years ago has gone down on record as being the most thrilling game ever played in the Macon sport arena. The play was lightning-like, clear through, the ball traveling with such speed up and down the floor that the eyes could scarcely follow it. Tech led at the half by the slender margin of three points.

In the closing seconds of play, Tech was one point to the lead. Somehow Smith got his hands on the ball. His position was midway between the two baskets. Without a perceptible aim, he let fly at the rims. As the ball fell in the net, the whistle blew ending the game. The ball did not even touch the sides of the basket as it looped through for two points, giving Mercer a victory by one point.

Practically Same Five.

With the exception of Gamble, who was captain last year, the team is the same. Gamble, though he was captain of the team, did not play regular center, but divided his time with Red Simmons, who is holding down the job this year.

So, without introducing a great error, it might be mentioned that Mercer is playing basketball with the same five as last year. According to every law of team play and expert opinion, Mercer should have a better club this year than last. That being the case, they are sure to have the best in the south, for they were very near the top notch last year.

Smith and Pope, playing forwards, present an ideal combination. Both are six feet and over. Smith is a wonder in sinking snowbirds. He manages to crawl under the basket unnoticed, and before anyone can get to him, has shot one from right under the hoops. Pope is well built and rangy, and an ideal floor man.

Simmons, though awkward looking and tolerably slow, is making a great center, and has quite a knack of locating the basket when his team is badly in need of points.

McWilliams and Harmon play guards. McWilliams need make no mistake in being selected on the composite all-southern two years ago, and probably would have made it last year had it not been for a broken hand which retarded him very materially.

McWilliams plays in the hole. He is admittedly one of the foremost guards in southern basketball today. Individually and collectively, Mercer will present a very strong front when she meets the Georgia Tech indoors on Friday night. It's going to be a game.

TECH AND MERCER IS LOCAL COLLEGIATE CAGE FEATURE

The basketball menu offered by the Georgia Tech team this week is perhaps the best of the season. For Mercer will be the opponent in two games: One Friday night at the Auditorium, the other Saturday night in Macon. The intense spirit which has gripped these two schools in basketball is well known, and the game always draws a huge crowd.

Tech and Mercer do not meet in football or track, and very seldom in basketball. But they meet every year in basketball, and the games always rank among the best of the season.

Last year, Tech and Mercer played three games, two before the tournament, one during the tournament. Mercer got the decision of two out of three by virtue of winning the last game.

With the exception of Gamble, who was captain last year, the team is the same. Gamble, though he was captain of the team, did not play regular center, but divided his time with Red Simmons, who is holding down the job this year.

So, without introducing a great error, it might be mentioned that Mercer is playing basketball with the same five as last year. According to every law of team play and expert opinion, Mercer should have a better club this year than last. That being the case, they are sure to have the best in the south, for they were very near the top notch last year.

Smith and Pope, playing forwards, present an ideal combination. Both are six feet and over. Smith is a wonder in sinking snowbirds. He manages to crawl under the basket unnoticed, and before anyone can get to him, has shot one from right under the hoops. Pope is well built and rangy, and an ideal floor man.

Simmons, though awkward looking and tolerably slow, is making a great center, and has quite a knack of locating the basket when his team is badly in need of points.

McWilliams and Harmon play guards. McWilliams need make no mistake in being selected on the composite all-southern two years ago, and probably would have made it last year had it not been for a broken hand which retarded him very materially.

McWilliams plays in the hole. He is admittedly one of the foremost guards in southern basketball today. Individually and collectively, Mercer will present a very strong front when she meets the Georgia Tech indoors on Friday night. It's going to be a game.

Golfers Off For Jekyll Island

New York, January 16.—Cornelius S. Lee, secretary of the United States Golf association, and 35 amateur golfers left today for Jekyll Island, 18 miles off the coast of Georgia, where the golf balls of varying size and weights, they will experiment for ten days in an effort to determine the standardized golf ball of the future. Careful tests to learn low balls of varying sizes and weight act under varying conditions will be made. British golf authorities have cabled approval of the test.

U. S. OLYMPIC TEAM NEEDS COIN

New York, January 16.—At the average rate of \$1,000 a man or woman, the United States team of Olympic athletes will need \$350,000 to defray its traveling costs on the trip to France this year. Major General Henry T. Allen, who commanded the army of occupation on the Rhine, put the matter that way in appealing to college students throughout the land to help raise the Olympic fund.

Seven out of ten athletes on the team will be from the campus, the general's message said, and college men, both undergraduates and alumni, should take a special interest in the effort to finance the expedition.

"These athletes will be our ambassadors and they should not be called upon to make personal financial sacrifices in order that we may be represented by our best," the general said.

The quotas of many cities have been decided upon, but the "drive" under way for the Olympic fund is being carried on by a few days until the representatives of all the larger cities in the country accept their quotas. Some of the amounts being raised are expected to go higher than the assigned minimum.

General Allen's interest in the Olympic games is a natural one, as he is closely acquainted with the athletic situation in all European countries. In the competitions between the soldier teams and guest teams from various nations on the Rhine, he was particularly impressed by the athletic adaptability and versatility of the Czech-Slovakian men.

Wingard Signs With St. Louis

St. Louis, January 16.—The St. Louis Americans have signed up Ernie Wingard, a former Alabama university pitcher, it was announced today.

Wingard, it will be remembered, played with American in the South Georgia league last season and was by far the best pitcher in that circuit. He is a left-hander and is only 19 years old. Atlanta made an effort to get him last year along with other club players.

He was barred from college baseball last summer by the southern conference officials for participation in that circuit and for that reason did not return to the University of Alabama this year. His work in the big show will be watched with interest.

Auburn Loses to Soldier Quintet

Auburn, Ala., January 16.—(Special.)—The Fort Benning Doughboys took the court tonight in the second campus game of the season of the Auburn basketball team, by a score of 42 to 18 in favor of the Tiger basketballers.

Duke and W. McKinney played in jump-up style at guard, and it was their big play that freezing onto the Benning forward that accounted for the low score for the losers. For the second team Barks' work at guard featured.

While the one-sided score would indicate a loose game, such was not the case. Benning was waging a hot fight throughout. Lambert, who substituted for Fortier, led in counting with 6 points. Pearson at center, Buck at forward and McKenna at guard played a good game.

The Line-up: AUB. (42) Pos. FT. B. Hahn (C) (11) f. Bucks (4) Greel (18) f. Ankeron (4) Harrison (2) f. Pearson W. McKinney (2) g. Fortier Duke (2) g. McKenna (2) Substitutes: Auburn, B. McKinney (3) for Hahn, Hugenweine for Harrison, Barks (2) for W. McKinney, Ware (2) for Fortier, Beck (2) for Ankeron, Seff for McKenna, Elkins for Pearson.

Behan Purchased By Mobile Club

Mobile, Ala., January 16.—Pitcher Behan, right hander, has been purchased from the Philadelphia Nationals by Mobile, according to announcement made today by President R. M. Wadsworth, of the local club.

Behan makes the tenth pitcher now on the roster of the Bears, who will fight for a position as a regular twirler when Manager Hahn begins his training work. Behan's record with the Phillies last year was not so impressive. He was with a losing ball club. However, he should star in the minors as he was a big success two years ago in the Michigan-Ontario league, from where he was purchased by the majors.

In 1921 he won 20 and lost 9 and in 1922 won 21 and lost 4. Last year he took part in about 25 games with the Phillies. He was charged with twelve defeats and three victories.

Joie Ray Loses At Track Meet

New York, January 16.—Joie Ray, middle distance running star of the Illinois Athletic club, of Chicago, a premier candidate for the American Olympic team, was beaten tonight in his first indoor appearance of the 1924 indoor season at the annual meet of the Silk Athletic Association, at the University of Illinois.

Ray finished third in the 1,500 metre handicap race which was won by Lloyd Hahn, of the Boston Athletic association, who had a 20-yard handicap. Hahn finished 10 yards ahead of Pat Kennedy, of the Knights of Columbus, N. Y., who had a 45-yard lead, and Kennedy came in three yards ahead of Ray.

Many Important Questions Are Fired at Young Players By Old Master of Baseball

BY HANS WAGNER.

Continuing what I have decided to call my examination papers, I would like the amateur ball clubs now being organized in the colleges and on the town lots to get together and study the following group of questions. Also I would like some of the fans who are inclined to roast ball players on the spur of the moment to look these over:

- 1.—Is the hit and run the most important offensive play in baseball?
- 2.—Which is more successful in college ball, hitting behind the runner or ahead of the runner? In professional baseball?
- 3.—Does the base runner get the same lead and start in a clean steal?
- 4.—Is it advisable to hit and run with no outs and a close score? Not close?
- 5.—Do you hit and run with one or two outs, close score? Not close?
- 6.—Do you hit and run with a man on first and third?
- 7.—Do you ever hit and run with a man on first and second?
- 8.—Do you ever hit and run with a pitcher on base?
- 9.—Is the best time to hit and run when you have the pitcher in the hole?

Generally speaking the answer to most of those questions should be yes. Some, though, are open to discussion. It is that discussion that I am trying to encourage. Nothing gets a ball club or any other business as far along as an intelligent discussion of the problems that will have to be solved.

I submitted that set of questions to the boys at Carnegie Tech and you would be surprised to know what a large percentage of them answered them correctly.

One of them answered: "I know the answer ought to be 'yes' but you have asked if we do those things that we ought to do. The answer to that is often 'no'."

While good, hard common sense should be used in deciding whether to hit and run it must be done sometimes as a surprise. I might explain by the best pitcher in the league. He is a left-hander and is only 19 years old. Atlanta made an effort to get him last year along with other club players.

He was barred from college baseball last summer by the southern conference officials for participation in that circuit and for that reason did not return to the University of Alabama this year. His work in the big show will be watched with interest.

Albany 'Y' Wins Over Athens 'Y'

Athens, Ga., January 16.—(Special.)—The Albany "Y" team won a good game from the local "Y" team by the score of 40 to 20. The local team put up a mighty good scrap during most of the game, but they could not stop the terrible offensive of the south Georgians, who displayed the best passing and sharp shooting team yet to appear in Athens.

Hardy and Pryse were the leading scorers for Albany and were ably supported by the entire team. Scott and Pound starred for Athens, Pound regaining his old-time form and throwing goals from all over the floor. Thornton, Hodgson and Aubrey also did good work.

The Line-up: ALBANY Pos. ATHENS Pos. Smith (10) f. Hardy (16) Pound (10) f. Pryse (14) Thornton (4) f. Hodgson (14) Hodgson (14) f. Smith (6) Substitutes: Athens, Cox for Pound, O'Brien for Scott, Scott for Smith; Albany, Hester for Whiting.
